

RULES OF RACING

INTRODUCTION

These Rules relate to racing in skiffs at competitions which may be regattas or processional races. They do not cover racing in any other form of craft or in skiffs propelled by means other than sculls; nor do they cover races, whether in skiffs or not, included in 'Rag' regattas.

'**Race**' is defined as any heat, repêchage or final in a regatta competition **or a division in a processional competition.**

'**Regatta**' is defined as a group of one or more side-by-side races managed by one Organising Committee.

'**Processional Race**' is defined as one in which boats are started at intervals of time or distance and of which the result is determined in an order based on elapsed time, or on bumping or overtaking.

'**Event**' is defined as a race or series of races leading to a final decision in any category of racing and includes a category of racing within a Processional Race.

An '**Organising Committee**' is responsible for the organization, conduct, control and safety of a competition.

A '**Race Committee**' acts as the authority on the application of the Rules of Racing

The term '**crew**' is deemed to include the scullers and coxswain in double sculling and the sculler in single sculling.

'**Circulation Pattern**' is defined as the compulsory directions of travel in various areas and lanes in and around a course that are available for competitors' use during racing and practice on the water.

'**Not Sculled Out**' is a verdict used when one or more crews in a race fail to continue racing throughout the course to the finish.

A '**foul**' is defined as any collision or contact between boats, sculls or persons in the same race.

'**Interference**' is defined as conduct by a crew that may impede the progress of an opposing crew that is on its proper course.

C	SRA Competition Regulations
D	Categories of Events
E	Status Points for Competitors
F	Veteran Racing
G	Regatta Race Regulations
H	Processional Race Regulations
J	Safety Regulations
K	Disputes and Disciplinary Procedures

SECTION A - GENERAL

- A1 The Rules of Racing adopted by the SRA shall be observed.
- A2 The responsibility for a competition shall rest with a specific club, regatta committee or with the Skiff Racing Association who shall appoint each year an Organising Committee. The Organizing Committee for Long Distance events must possess local river knowledge
- A3 An Organising Committee shall appoint officials to carry out the duties specified in these Rules. No one shall act as an umpire who is not a qualified SRA umpire, the holder of a valid BR Umpires Licence or an SRA probationary umpire acting under the supervision of a qualified umpire at a regatta. Also, in processional races, probationary umpires are allowed to act as umpires without being under the supervision of a qualified umpire.
- A4 In processional races unqualified persons (race monitors) may additionally act as umpires but without the power to disqualify. Race monitors should be used only if there are not enough qualified or probationary umpires available and should have an adequate knowledge of the rules of the event concerned.
- A5 The competitions shall take place annually upon such date and time and at such location as the organisation responsible for the competition shall decide.
- A6 No competition shall be held under these Rules unless its date, place and conditions have been approved by the Committee of the SRA. The Committee may refuse to approve a date that has not been submitted in accordance with the timetable specified annually by the Committee of the SRA.
- A6 If a competition does not take place on the agreed date, through exceptional or unforeseen circumstances, the Organising Committee may hold it on another date with the approval of the Committee of the SRA.
- A7 The Organising Committee shall forward the results of the racing to the Hon. Secretary of the SRA, or an officer of the SRA delegated to record points, within seven days of the competition. These results shall include, for each event in the programme, the names of the winners and their clubs, the number of entries, and the number of scratchings. The results shall make clear any events that do not qualify for the Ormiston, Junior Pennant or Veteran Pennant competitions. A properly marked-up programme would suffice.
- A8 All questions not specifically covered by these Rules shall be decided by the Organising Committee, which shall take care to ensure that no breach of them arises from the imposition of local conditions.

EXPLANATORY NOTES AND COMMENTS

- A6 *The SRA Committee maintains a five-year **competition** calendar on a rolling basis, a copy of which is sent to all affiliated clubs and regattas. If any club or regatta requires changes to its programme, it is essential that the Hon. Secretary be informed of such before the autumn Committee meeting when, to enable adequate publicity to be given, the calendar for the ensuing year is confirmed.*
- A7 *To expedite the approval of a new date, the Committee may empower the Hon. Secretary to give approval if he or she considers the new date will not raise any problems.*
- A8 *If an Organising Committee decides to impose special conditions, whether connected with qualifications for entry or affecting the conduct of a race, care should be taken to include the particulars both in the entry form and in the programme.*

SECTION B - SRA COMPETITION CONDITIONS AND ENTRIES

Notice

B1 Notice of a regatta or processional race shall include:

- (a) Place, date and time of the competition
- (b) The categories of events.
- (c) Special restrictions or conditions, whether or not affecting classification of competitors.
- (d) The amount of the entry fees as **determined each year by the Organising Committee**
- (e) The length and location of the course.
- (f) The date and time at which entries close.
- (g) The address for entries and correspondence.
- (h) **A statement that the competition is to be held in accordance with the Rules of the SRA**

A copy of the notice of the event shall be forwarded to the Hon. Secretary of the SRA simultaneously with the distribution to clubs.

B2 The entry form for a competition shall require

- (a) The name of the club entering.
- (b) The names of the competitors, set out in the order of sculling, beginning with bow, who shall be designated 'Number 1'.
- (c) Where appropriate, the date of birth and weight of competitors.

The following form of certificate shall appear on the entry form:

'I certify that all competitors named and any substitutes who may be introduced are/will be members of this club, or of the clubs shown against their names, and are eligible to compete in the events for which they are entered.'

Entries

B3 **Entries shall be accepted from crews comprising members of clubs affiliated to the SRA. A crew need not all be members of the same club.**

B4 An entry shall not be valid unless the entry form has been duly completed and signed.

B5 No person shall be entered more than once for the same event at a competition.

B6 Entry fees shall be remitted with each entry.

B7 **The latest time for the receipt of entries shall be decided each year by the Organising Committee.** Entries shall close at least three clear days before the date of the competition.

B8 No official of the Organising Committee shall divulge any entry, or report the state of the entry list, until such list is closed.

B9 An Organising Committee may investigate any questionable entry and may return or annul an entry at any time without giving a reason

B10 If only one crew is entered for any regatta event, the Organising Committee shall cancel the event and refund the entry fee, or, if the crew involved agrees, they may transfer the entry to a handicapped event or another event for which the crew is eligible. This Rule shall not apply to a Skiff Championship event. If the event is a category of racing within a processional race, the Organising Committee shall not refund the entry fee but may, if the crew involved agrees, transfer it to another category of racing for which it is eligible.

- B11 No later than three days before the competition, the Organising Committee shall send a listing of each competitor's first race time to the representative of the competitor's club. Competitors should be instructed to be present and ready to boat 20 minutes before their race time. For processional races the start order by division may be sent, and competitors should be given the time of any pre-race briefing

Changes

- B12 The Organising Committee may, if notified at least 30 minutes before the official race time, permit a substitute to take the place of any one sculler of a doubles crew named in the entry provided that neither the substitute nor the original crew member has already raced in the event. The substitute need not be a member of the club of the original crew member.
- B13 When a coxswain is not available, a person whose name has not been entered and who has not already coxed or sculled in the event may, with the consent of the Organising Committee, act as a coxswain. The name of the replacement coxswain must be notified to the Organising Committee at least 30 minutes before the official start time of the crew's first race.
- B14 The Organising Committee may permit a crew that has already raced to race with a replacement cox if the original cox becomes unavailable through exceptional and unforeseen circumstances and provided the Racing Committee and remaining competitors in the event are in agreement. **This will not apply to processional races.**

Prizes

- B15 A crew must scull the course in order to be eligible for a prize or points.
- If all but one crew withdraw from an event without competing the award of any status or competition points to the remaining crew is as defined in the rules of the competition. [E3, Ormiston 4.1 (b). Junior Pennant, Veteran Pennant].
- B16 If a crew competes and then withdraws from an event, it is deemed to have competed in the event.
- B17 Objections to the qualifications of a competitor shall be made to the secretary of the regatta or processional event and confirmed in writing as soon as possible. The Organising Committee may withhold or withdraw prizes until the outcome of any investigation is announced.
- B18 Prizes for processional races may be presented to the winner(s) of the event, and to the winners of sections in which a minimum of three crews, or at the discretion of the organizers two crews, have entered, but the event winner may not also receive a prize as a section winner.

EXPLANATORY NOTES AND COMMENTS

- B2 *It is advisable to require as a condition of entry that entry fees shall accompany the entry, and that entries by telephone shall be confirmed on the proper entry form by a specified time. Entries by fax or E-mail are acceptable. Action under Rule B9 against competitors failing to comply would be appropriate.*

The Rule does not debar composite crews, competing under the titles of their clubs, provided that the entry form is duly completed. The entry in such cases must be made by an officer of one of the clubs concerned. The names of all the clubs must be included in the title under which the crew will race.

- B10 *See note for B15 for all outcomes*
- B11 *This Rule is designed to ensure that clubs have adequate notice of times of racing to enable them to plan accordingly in the interest of competitors.*
- B13 *A coxswain who is not a member of the club or clubs of the remainder of the crew may be used, but the crew then forfeits any right to gain Ormiston, Veteran Pennant or Junior Pennant points.*

B15 If a crew is the only competitor in a final, the following four scenarios illustrate the outcomes according to different circumstances

1 There is only one entrant - the race is cancelled or the entrant transferred to another event

2 There are more entrants than one, but all but one withdraw before racing - the competitor may row over for a prize, but earns no point in any competition

3 There are more than two entrants and a crew competes in and wins a heat, but its opposition (having a bye or winning a heat) withdraws before final - the remaining competitor wins prize, earns points and does not have to row the course again

4 There are more than two entrants and a crew has a bye to final, but winner of the other heat withdraws - the remaining competitor has to row over to win a prize and earn points

SECTION C – SRA COMPETITION REGULATIONS

Trophies

- C1 An Organising Committee shall not offer any form of money or value prize without obtaining the prior written authority of the Hon. Secretary of the SRA. Any club or regatta offering such a prize without prior approval shall be liable to be penalized, and such prize, if awarded, shall be returned forthwith. Clubs, regattas or competitors giving, offering or accepting any unauthorized money or value prize from any source shall be liable to suspension from the SRA or from competition as appropriate.
- C2 Trophies shall be deemed to be awarded to the successful competitors unless specified otherwise.

Boats

- C3 The design, dimensions and construction of skiffs shall be as specified by the SRA under the section entitled ‘Construction and Dimensions of Racing Skiffs and Sculls’. The skiffs used for a race shall each have bow, centre and stern burden boards and locking stretchers. Double skiffs used for racing shall each have a rudder. Straps on locking stretchers, and strung tholes shall not be obligatory in processional races.
- C4 The foregoing requirements shall not preclude the use of skiffs in processional races whose leading dimensions may exceed those currently approved by the SRA but which otherwise conform to those requirements
- C5 Races shall take place in matched skiffs, except
- (a) for processional races,
 - (b) in exceptional circumstances when the Organising Committee may allow unmatched skiffs.

- C6 No competitor shall make use of any substance capable of modifying the natural properties of water.

Competitors

- C7 Women may not compete in men’s events or vice versa except as coxswains.
- C8 Every competitor shall wear complete clothing. Scullers shall wear a sleeved jersey which shall show the racing colours of the club they represent.

Race Committee

- C9 The Organising Committee shall appoint a Race Committee of three qualified umpires and shall nominate a chairman from among them who shall be responsible to the Organising Committee for the applications of the Rules of Racing at the competition.
- C10 The Race Committee shall determine any matters arising in connection with the racing that may not be covered by these Rules.
- C11 The race umpire is responsible for the conduct and outcome of the race. The Race Committee shall take any decisions on the conduct of racing that are not in the province of an umpire, and shall hear any protests or complaints to or from the Organising Committee.

Programme

- C12. The Organising Committee shall provide a programme for competitors and officials, listing the officials, the crews, the schedule of events and the specific competition rules.
- C13 An Organising Committee shall state in its programme that the competition is to be held in accordance with the Rules of the SRA.

- C14 A regatta programme shall contain the handicaps for crews in Veteran and other handicapped events.
- C15 A processional race programme shall include, the specific course rules and order of sculling in each division.
- C16 The Organising Committee shall provide to relevant parties any changes or corrections to programme information that may arise during the course of the regatta.
- C17 The Organising Committee must take every effort to ensure that the competition does not incur unwarranted delays or overruns
- C18 The Organising Committee shall appoint a suitably qualified person or persons as Raft Marshall who shall:
- (a) supervise the crews' embarking and disembarking points with full regard to safety.
 - (b) ensure that all relevant Rules are observed including the following
 - (1) the construction and serviceability of boats
 - (2) the matching of boats
 - (3) the composition and dress of crews,
 - (4) Weight rules appertaining to the carrying of dead-weight by coxswains, and to Lightweight.
 - (c) ensure that crews know the circulation pattern and their station before proceeding to the start.

The Raft Marshall shall endeavour to ensure that the race schedule is adhered to by effective management of boats and crews.

EXPLANATORY NOTES AND COMMENTS

- C2 *Organising Committees should obtain receipts for trophies, specifying the items (such as plinth, lid, cases, and keys) which accompany them, and include instructions for their return. The receipts should also include an undertaking by the recipient to be responsible for their safe custody and return, and the name and address for correspondence. An Organising Committee may, however, decide to retain its trophies after presentation to the winners*
- C8 *Article 3 of the SRA Constitution refers.*
- C9 *The Race Committee shall act as the authority on the application of the Rules of Racing and should be ready to advise on any aspect of the running of the competition where the Rules have an impact, or where there is any need to consider safety or 'fair conditions' for racing. During the competition, the Race Committee should always be available to any umpire for support and advice, and to receive suggestions for the improvement of the conditions for racing. The Race Committee's powers include:*
- (a) *Suspension of racing for safety reasons under Rule J7.*
 - (b) *Alterations to the course following changes to stream or wind.*
 - (c) *Action, as the representatives of the Organising Committee, of disciplinary measures under Rules K8 and K10.*

The race umpire is responsible for the race, and his verdict cannot be overturned. However, in hearing a protest taken to the organizers, the Race Committee may draw the attention of the race umpire to facts, circumstances and consequences of which he may not have been fully aware; the umpire may then reconsider his verdict if he believes this to be appropriate.

- C14 *If there are any missing or incorrect handicaps encountered in the programme during racing, it is the responsibility of the Organising Committee to calculate them*

C17 Guidance on preventing unwarranted regatta delays or overruns is provided on the Skiff Racing Association document “Minimising the Risk of SRA Regatta Time Overruns”.

C18. The Organising Committee must ensure that a suitable weighing machine is provided.

The Raft Marshall may mark the boats with the colour of their station.

The Raft Marshall may remind competitors that under [G17](#), a race may be started without reference to absentees, and should notify the Umpire if a crew is wilfully absent at the time the race is due to start.

SECTION D – CATEGORIES OF EVENTS

General

- D1 Qualification under these Rules is independent for single sculling, double sculling, and mixed-double sculling.
- D2 An Open event shall be one for which any competitor eligible under the general conditions and the qualifications for that particular event may enter.
- D3 A Closed event shall be any one of the following, and shall not be subject to these Rules other than Rule D1:
- (a) Private matches arranged solely by agreement among the clubs or competitors concerned.
 - (b) Events open only to members of one club.
 - (c) Invitation events, i.e. events restricted to competitors specified by the organizers.
- D4 Each doubles crew shall include a coxswain. There is no classification of coxswains and they shall sit on the coxswain's thwart.
- The minimum weight for coxswains shall be 50 kg,
- Coxswains who weigh less than 50 kg shall carry dead-weight to make up the deficiency, and this shall be carried beneath the coxswain's thwart.
- Coxswains shall be weighed before their first race in the clothing they expect to wear in the event, inclusive of any buoyancy aid.
- D5 An Organising committee may transfer to another event of appropriate category a crew whose classification changes between the date of entry and the beginning of the event. If the crew does not wish to accept the transfer, the entry fee shall be refunded.

Status Events

- D6 A Status event is an open event the winning of which may affect a competitor's points status, and is any open event other than those defined in Rule D12. A competitor's status points shall relate to those held at the beginning of a regatta
- There are five levels of status events
- (a) Senior
 - (b) Higher
 - (c) Intermediate
 - (d) Novice
 - (e) Entrant
- ..
- D7 Senior events are open to any sculler.
- D8 Higher events are open to scullers whose number of status points is less than 12, or to double scullers whose combined number of status points is less than 24.
- D9 Intermediate events are open to scullers whose number of status points is less than 8, or to double scullers whose combined number of status points is less than 16.
- D10 Novice events are open to single scullers whose number of status points is less than 4, or to double scullers whose combined number of status points is less than 8.
- D11 Entrant events are open to scullers who have zero status points unless they have achieved a total of 8 or more points in other categories.

Non-Status Events

D12 Non-Status events are open events and shall be:

- (a) Veteran events.
- (b) Restricted Veteran events
- (c) Junior events
- (d) Handicap events
- (e) Lightweight events
- (f) The Tiny and Nancy Knight races
- (g) Relay events
- (h) Events in which the competitors are allocated to crews by the organizers
- (i) Events specifically advertised as 'Non-Status', and other events held under special conditions, subject to previous approval in each case by the Hon. Secretary of the SRA

The winning of non-status events does not add to a competitor's status points except that a win in an event under items (a) to (f) will affect a competitor's qualification for Entrant events (see Section E2 (b))

D13 Veteran events are open to any sculler who has attained the age of 40 years before 1st January of the current year and has not won a Senior status event in that event category in the current year. It is mandatory for the year of birth to be inserted on the entry form. (See the Section F entitled 'Veteran Racing'.)

Novice Veteran events are open to any sculler meeting the veteran age criteria who has less than 4 status points.

D14 Restricted Veteran events are processional events open to Veteran scullers and crews having an age or combined age above the minimum limits defined in or derived from Rule D13. It is mandatory for the year of birth to be inserted on the entry form. (See the Section F entitled 'Veteran Racing')

D15 Junior events are open to competitors aged 12 or over and under 18 on the day of racing. It is mandatory for the full date of birth to be inserted on the entry form

D16 Handicap events are open to all scullers, the handicap being based on the status points of crews. Handicaps will be based on the average status points in a boat subtracted from 13 and converted to seconds.

If the course is 500 metres or less, the handicap difference shall be reduced by one second for every full five seconds difference between the handicaps of the two crews.

D17 Lightweight events are open to scullers whose weight does not exceed 72.5 kg (men) or 59 kg (women). The average weight of a doubles crew (excluding coxswain) shall not exceed 70 kg (men), 63.5 kg (mixed), or 57 kg (women). Lightweight competitors shall be weighed wearing their racing kit (Rule C8) before their first race of the regatta.

EXPLANATORY NOTES AND COMMENTS

D4 It is not necessary to weigh coxswains about whose weight there can be no reasonable doubt.

D11 For example a competitor who has achieved 8 points in a Doubles category may not compete as an Entrant in a Singles event, even if they have zero points in Singles events

SECTION E – STATUS POINTS FOR COMPETITORS

- E1 The acquisition of status points is independent for single sculling, double sculling, and mixed-double sculling. [D1]
- E2 A sculler begins with zero status points, with the exceptions that
- (a) a sculler who has won a BR event during the previous 10 years automatically begins with five points.
 - (b) a sculler who has only won a BR event more than 10 years previously, or any non-status skiffing event under section D12. (a) to (f) - ie a Veteran, Junior, Handicap, Lightweight or Tiny/Nancy Knight event - will automatically begin with one point
- E3 Scullers are awarded a point for a win in a status event in which two or more crews compete, unless they already have 13 points.
- E4 A sculler winning a Skiff Championship event attains 13 status points in the category of that event.
- E5 Changes to points shall take effect at the end of the day's racing.

EXPLANATORY NOTES AND COMMENTS

- E2 *In order to adjust the points when the non-qualifying rule was removed in 2010, the following conversions were agreed:*

<i>Old</i>	<i>New</i>	<i>Old</i>	<i>New</i>
0	0 or 1 depending on eligibility for entrant.		
0.33	2	4.33	9
0.66	2	4.66	9
1	3	5	10
1.33	4	5.33	10
1.66	4	5.66	10
2	5	6	11
2.33	6	6.33	11
2.66	6	6.66	11
3	7	7	12
3.33	8	7.33	12
3.66	8	7.66	12
4	9	8	13

In order to assimilate scullers into the new mixed-double classification, the following ruling was made at a Committee meeting held on 8th June 1983.

'A sculler's existing doubles status on 1st January 1983 will be the status level that a sculler assimilates into the new mixed-double classification. It is irrelevant whether the sculler has 1 or 2 Junior-Senior wins to his credit, the sculler concerned starts at Junior- Senior level and is entitled to win his full quota of Junior-Senior wins before becoming a Senior.' Converting this to the points system, the number of points allocated are as follows

<i>STATUS OF SCULLER IN DOUBLES AT 1st JANUARY 1983</i>	<i>STATUS POINTS</i>
<i>Senior win</i>	<i>13 points</i>
<i>Senior no wins</i>	<i>13 points</i>
<i>3 Junior-Senior wins</i>	<i>12 points</i>
<i>2 Junior-Senior wins</i>	<i>11 points</i>
<i>1 Junior-Senior win</i>	<i>10 points</i>
<i>1 Junior win</i>	<i>7 points</i>
<i>No Junior wins</i>	<i>5 points</i>

Anyone who, pre-January 2010, had reached Senior status but had not won at that level, will regress by one full status point, thus bringing them back to Higher level

SECTION F – VETERAN RACING

General

- F1. A Veteran sculler is one who has attained the age of 40 years before the 1st January of the current year.
- F2. A Veteran sculler after having won a Senior status event, whether qualifying or not, and whether in single, double, or mixed-double skiffs, shall not enter a Veteran event in that category for the rest of that season.
- F3. Veteran events shall be raced over the full course

Regatta handicaps

- F4. Veteran scullers and crews shall receive a handicap each year according to the sculler's age, or ages, at the 1st January of that year.
- F5. Course lengths at regattas range from just over 300 metres up to 800 metres. There are two sets of handicaps provided according to course length. The two bands are for 300-500M and 501-800M and are based on each median course lengths of 400M and 650M. A handicap is given for each age between 40 and 90 in each band.
- F6. A Veteran sculler's given handicap shall be reduced by 2 seconds for every win in non-processional Veteran events and may become negative if the reduction exceeds the age handicap. The adjusted handicap shall apply to all types of event
- F7. For Singles events, the sculler's individual handicap as adjusted from that given in the table shall be used. For Doubles events, the individual handicaps of the two scullers as adjusted from those given in the table shall be averaged. Averages shall be rounded up.
- F8. Scullers with a reduced handicap shall, at the start of the next following season, revert to a handicap based only on age.
- F9. A Veteran Records Recorder shall be appointed each year by the SRA Committee and shall be responsible for keeping a register of Veteran scullers' year of birth and regatta wins.
- F10. A Veteran sculler must register with the Recorder his or her year of birth, either directly or by including it on a regatta entry form. An unregistered entry, or a regatta entry made without including the birth year, shall be listed as 'Scratch' less any handicap reduction applicable. **An incorrect submission of the competitor's age or year of birth shall be considered to be misrepresentation and is liable to result in disqualification.** Regatta secretaries must refer to the Recorder for Veteran scullers' regatta wins, and confirm ages. The calculated handicaps must be printed in regatta programmes.
- F11. Novice Veteran events shall be subject to the normal Veteran Rules for handicapping, but the reduction in handicap following a win shall not apply if the sculler enters a normal Veteran event.
- F12. A sculler who wins any normal Veteran event in a particular category of boat, shall not, for the rest of that season, compete in non-processional Novice Veteran events in the same category of boat.

Processional races

- F12. In processional events only, a 'Restricted' classification of Veteran scullers may be used in addition to, or in place of, the 'Open' classification given in Rule F1. To qualify for a Restricted Veteran event in single skiffs, a sculler must have attained the age of 50 years before 1st January of the current year. To qualify for a Restricted Veteran event in double skiffs, both scullers must be Veterans and their combined age must be at least 100 years before 1st January of the current year. Further similar Restricted classifications may be used with the age of a single sculler advancing by increments of 10 years and the combined age of a doubles crew by 20 years.

EXPLANATORY NOTES AND COMMENTS

F6 For example, if a double crew consists of one sculler with an age of 70 and the other with an age of 59, then the handicap to be applied for a 600m race shall be $(17 + 6)/2 = 12$. If both scullers have won two races, the handicap to be applied shall be $(13+2)/2 = 8$. If the younger sculler only has won two races, the handicap to be applied shall be $(17 + 2)/2 = 10$.

The individual handicaps in seconds by non-processional course length are as follows.

300-500 M		501-800 M	
Age	Handicap	Age	Handicap
40	0	40	0
41	0	41	0
42	0	42	0
43	0	43	0
44	0	44	0
45	0	45	0
46	0	46	1
47	0	47	1
48	0	48	1
49	0	49	1
50	1	50	2
51	1	51	2
52	1	52	2
53	2	53	3
54	2	54	3
55	2	55	3
56	3	56	4
57	3	57	4

87	38	87	57
88	40	88	60
89	42	89	63
90	44	90	66

SECTION G – REGATTA RACE REGULATIONS

General

- G1 These Regulations shall be so applied as to ensure that all competitors race under fair conditions, but considerations of safety shall take precedence at all times.
- G2 Each crew shall be assigned a lane or station, which shall be the crew's designated water for the duration of the race.
- G3 A boat's proper course shall be defined as that which it must follow from start to finish while remaining on its own water on the prescribed course.
- G4 A race will normally be umpired by a single umpire in a launch, but may alternatively be umpired from the bank by a succession of umpires.

Umpires

- G5 Umpires shall be appointed by the Organising Committee to be responsible for the conduct of each race or for the conduct of a group of races through a section of the course (bank umpiring).
- G6 A probationary umpire may act as a race or bank umpire if under the supervision of a qualified umpire, but the latter shall have ultimate responsibility for the conduct of the race or part of the race.
- G7 Starters and aligners may be appointed to start or assist with the start, and they shall be umpires or probationary umpires under supervision, but the race umpire may act as starter.
- G8 Race and bank umpires, starters, and aligners shall each be provided with a red flag, a white flag and a megaphone (electric if possible) or loud-speaker equipment, and a regatta programme.
- G9 A launch used for umpiring shall be so constructed as to enable umpires to carry out their duties properly.
- G10 If the race is umpired from the bank,
- (a) Adequate communications between umpires shall be provided
 - (b) Umpires should also wear distinguishing armbands and be provided with a position from which they can clearly see each race in the portions of the course for which they are responsible, and as far as possible be seen by the competitors.
 - (c) Umpires shall be located at distances that allow any warning to be heard by the competitors whilst under their jurisdiction.
 - (d) A co-ordinating umpire shall be available to overhear all communication between umpires and to be in communication with the judge.
 - (e) All decisions shall be taken by the umpires and shall be given to the judge by the co-ordinating umpire.
- G11 Before starting duties, umpires must thoroughly familiarize themselves with the course, obtaining any necessary information about local conditions and instructions issued by the Organising Committee.
- G12 Umpires shall from time to time during the regatta inspect the course or portion of the course for which they are responsible and take appropriate remedial action where necessary.

Before the Start

- G13 Crews proceeding to the start shall not violate the circulation pattern, and, must keep a distance from the course, leaving clear room for the possibility of racing crews straying from the course.

- G14 Crews must give precedence in the navigation channel to other river users going about their business and pleasure
- G15 Any crew that violates Rules G13 and G14 or is observed executing a dangerous manoeuvre, may be awarded an Official Warning. This penalty may be awarded by any officiating umpire and should be notified immediately to the start for application in the next race for the crew involved.
- G16 A crew shall be at the start two minutes before the time of the race.
- G17 The start may take place without reference to absentees.
- G18 Any crew arriving late at the start and permitted to race may incur a penalty of one Official Warning at the discretion of the umpire and/or starter.
- G19 If there is only one crew in a race, the Organising Committee shall decide whether the crew shall be required to scull over the course in a race other than a final.

The Start

- G20 The umpire, starter or aligner shall prepare the crews for the start with a minimum of delay.
- An aligner, if provided, shall indicate that the crews are aligned by raising a white flag.
- G21 When the crews are at their starting positions the starter or umpire shall announce any Official Warnings that may have been given against any crews in the race, as awarded under [Rule G15 or G18](#).
- The umpire shall then name the crews and tell them how they will be addressed during the race.
- (a) The starting and timing procedure for non-handicapped events shall then be as follows:
- The starter shall say ‘Get ready’,
- If an aligner is present, the starter shall check that the aligner has raised the white flag before giving the ‘Attention’ command.
- The starter shall say ‘Attention’, at which time he shall slowly and deliberately raise the red flag
- The starter shall then lower the flag quickly to one side with the command ‘Go’.
- (b) The starting and timing procedures for handicap races (including veteran) shall be as follows:
- The starter shall declare the handicaps to be applied and explain the starting method, and ensure that any stake-boat persons know the order of starting.
- The starter shall then conduct a normal start but at the word ‘Go’ only the crew(s) with the greatest handicap will start.
- After the first ‘Go’ the starter shall, using a stopwatch, count the handicap time [up from zero](#) in whole seconds ending with the word ‘Go’ when the second crew(s) will start, and continue thus until all crews have started. The red flag shall be raised and dropped for each start.
- For example, in a three-crew race where the second and third crews have, respectively, a 5 second and 9 second handicap relative to the first crew, the starter shall say ‘Go, one, two, three, four, Go, six, seven, eight, Go’. The counting shall be made audible to all crews involved, and the crews remaining at the start after the first ‘Go’ shall maintain themselves in a state of readiness for subsequent starts.
- The elapsed time of the winning crew shall be the time from the first ‘Go’ to the finish less any

starting handicap applied to that crew.

- G22 If the umpire, starter, or aligner considers the start false, he shall recall the crews to the start by saying 'Stop' and waving the red flag.
- G23 The decision to recall the crews shall be made before they have completed 50 metres of the course.
- G24 The crew or crews causing the false start, or deliberately sculling on after the race has been stopped, shall be given an Official Warning by the starter or umpire.
- G25 In the event of a false start by any crew in a handicap race, the normal 'false start' procedures shall apply except that the 50 metre proviso shall not apply.
- G26 If a crew refuses to start again or incurs two Official Warnings, [including those awarded under Rules G15 and G18](#), the umpire shall disqualify it from the event.

The Race

- G27 During the race, each boat shall remain on its proper course; it shall not encroach on the courses of other competing boats, nor interfere with them, nor prevent them from following their proper courses.
- G28 A crew continuing out of its proper course after due warning does so at its peril, and if it derives any advantage from so doing may be disqualified by the umpire.
- G29 The umpire shall be the sole judge of a boat's proper course and shall decide all questions relating thereto.
- G30 The umpire may call the attention of a crew to its steering only if
- a) the crew is about to interfere with or foul another crew, or
 - b) disqualification is possible under Rule G27, or
 - c) there is danger of a collision with a temporary or permanent obstruction on or off the course.
- G31 When the umpire in a launch warns a crew, he shall
- a) raise a white flag vertically above his head,
 - b) name the crew
 - c) point the flag at arm's length in the direction in which the crew is to move.
 - d) when the crew has responded, drop the flag smartly to the side out of sight.
- G32 When an umpire on the bank warns a crew he shall
- a) raise a white flag vertically above his head,
 - b) name the crew
 - c) audibly instruct the crew in which direction it is to move.
 - d) when the crew has responded, drop the flag smartly to the side out of sight.
 - e) inform the next umpire of the instructions that he has given.
- G33 When the umpire stops the race, he shall wave a red flag and give the order 'Stop'.
- G34 When the umpire stops a crew but not the race, he shall raise the white flag vertically, name the crew and give the order 'Stop'.

- G35 When the umpire warns a crew because of the danger of collision with an obstruction, he shall raise the white flag vertically, name the crew, and announce, 'Obstruction, look ahead'.
- G36 Crews shall be responsible for their own steering and the umpire shall ensure that crews are not followed or paced during the race by other racing boats, nor receive any advice or instructions. No use shall be made of a megaphone, radio equipment or similar apparatus to encourage a crew from outside the boat.
- G37 A crew receiving any extraneous assistance risks an Official Warning or disqualification, and any following or pacing crew risks the same penalties.
- G38 If the umpire detects interference, he shall warn the offending crew, but no crew shall be disqualified for interference unless it has been warned.
- G39 **After a foul, or repeated interference following warning**, the umpire may:
- (a) Allow the race to continue; for example if the offence, in the opinion of the umpire, will not affect the outcome of the race.
 - (b) Stop the race and restart it, either from the start or the point of stoppage; for example, if the offence occurred in neutral water.
 - (c) Disqualify an offending crew and allow the race to continue if more than one crew remains in the race.
 - (d) Stop the race, disqualify an offending crew, and restart the race, either from the start or from the point of stoppage.
 - (e) Determine the finishing order; for example, if the offence occurred near the finish line.
 - (f) Adopt a combination of these actions.
- G40 A crew shall abide by its own accidents except where:
- (a) Damage to equipment is sustained within 50 metres of the start, or
 - (b) Damage is sustained by interference from an outside agency.

In such cases the umpire may order the race to be re-sculled. The Organising Committee shall decide the time of the re-scul. However, if it is subsequently discovered that no damage has been sustained, the crew claiming damage is liable to disqualification.

The Finish

- G41 Judges shall be appointed to decide the order in which boats pass the finish line, and may be required to determine the distance between them. If necessary, they may inspect any official photographic records of the finish.
- G42 There shall be a chief judge who shall be an umpire.
- G43 In the case of a race umpired from a launch, when all crews have crossed the finish the umpire shall indicate to the judges by raising his white flag line that the race is in order and no protest has been lodged.
- If the race is not in order, the umpire shall raise his red flag.
- G44 In the case of a bank-umpired race the co-ordinating umpire shall indicate to the judges whether or not the race is in order.
- G45 The judges shall declare the race results. If a red flag has been given, the judges shall pay attention to any declaration of the umpire.
- G46 A crew has completed the course when the bows of the boat cross the finish line.
- G47 If a competitor, other than a coxswain, falls out of the boat, the crew may still be placed.

- G48 If a coxswain falls out of the boat, the crew shall be deemed not to have completed the course; the verdict shall be 'Not Sculled Out'.
- G49 If two or more boats are judged to cross the finish line simultaneously, the Organising Committee shall arrange a re-scutt. If a crew refuses to re-scutt, it shall be disqualified.
- G50 In the event of a dead heat in a handicapped race, if the race is re-scuttled over a part (normally a half) course, the original handicap difference shall be reduced accordingly.

EXPLANATORY NOTES AND COMMENTS

- G2 *The principle behind this Rule is that every competitor should have an equal chance of winning. Allowance may have to be made for unequal stream. A boat is not entitled to leave its own proper course in order to try to deprive an opponent of such advantages as properly belong to that opponent.*
- G8 *It is desirable that an umpire should provide for his own use a megaphone and two flags, one red and one white, each measuring 16 inches x 12 inches (406mm x 305mm). An umpire should also have available a stop-watch. An umpire should inform the competition secretary in advance if he requires the Organising Committee to provide any such equipment.*
- G9 *The intention of this Rule is that the umpire's eye level should be sufficiently high for him to obtain an adequate view of the crews and course, and that he and his flag signals should be easily seen by the competitors. To this end a suitable launch should have support at chest or waist level for the umpire, and be stable, manoeuvrable, adequately fast but of low wash characteristics, and be driven by an experienced driver.*
- G12 *The umpire must ensure that the course continues to provide safe and fair racing on all stations as conditions change and notify the Organising Committee if the course need to be corrected.*
- An umpire should accept the positions of stake-boats 'as found' but should be prepared to notify the Organising Committee of any movement of the stake-boats he may notice. In the event of one or more of the stake-boats clearly being out of position the umpire is entitled to refuse to use it and make such 'on-the-spot' arrangements as he may think fit and proper depending on all the circumstances.*
- G16 *'At the start' means on the stake-boat or on the start-line. Rule G18 should always be applied, but an umpire or starter should satisfy himself that an absent crew is not being delayed by causes outside its control.*
- G17 *If the umpire has not already received from the start marshall an explanation for the late arrival of a crew, he or she may contact the raft marshall for such explanation*
- G18 *The starter should ensure that any affected crews understand that an Official Warning counts as a false start, and so a false start in the race will eliminate them. He shall ask for an acknowledgement from any crews so named. Official Warnings may be given by umpires or the Race Committee for a variety of infringements of the Rules; an Official Warning from either of these sources shall be taken into account by the starter.*
- G21 *The start shall be given by the 'Get Ready' – 'Attention' – 'Go' sequence given in the Rule. At 'Get Ready', the crews must get ready to race. At this stage crews may indicate that they are not ready by a raised hand from the coxswain, or verbally in the case of a single sculler. If a crew indicates that it is not ready, it is essential that it takes positive action to be ready as quickly as possible. If the starter believes that one or more crews are delaying the start through incompetence or without good reason, or if wind conditions make it too difficult for all crews to achieve simultaneous alignment down the course, he shall indicate his intentions to proceed with the start by the words 'Hands Down', or verbally in the case of single scullers.*
- If, or when, there is no indication that any crew is not ready, or the starter has indicated his intention to proceed, the starter shall continue with the start. (If there has been a delay, the starter may repeat*

'Get Ready' to recall crews' attention to the start procedure.) The starter shall slowly and deliberately raise a red flag, at the same time saying 'Attention'. At this stage, the starter shall be in full control of the start and shall start the race by dropping the flag smartly to the side, at the same time saying 'Go'.

Between 'Attention' and 'Go', crews must be ready to start on the start order; crews shall not be able to delay the start procedure after the 'Attention' instruction is given, and must start when the flag is dropped and the 'Go' is given.

If, after raising the flag and saying 'Attention' the starter is not satisfied that all is well, the red flag shall be lowered slowly and the starter shall say 'As you were'. The start sequence shall then begin again from 'Get Ready'.

There shall be a positive and deliberate pause between 'Attention' and 'Go'. The pause between the raising of the red flag and the start command shall be variable.

G22 *A start is 'false' if any boat leaves its starting position before the word 'Go'. It is not 'false' if a boat fails to start when the word is given, unless some unforeseen incident prevents the starting signal from being seen or heard. The point 50 metres from the start should be clearly marked. If both umpire and starter are present, the umpire has the responsibility of giving an Official Warning.*

G30 *A temporary obstruction on the course may be another boat, an object in the water, or any other item that should not be there including swimmers or animals. In these circumstances the umpire should monitor the situation and should warn the crew in plenty of time if the crew needs to take avoiding action; **the umpire** may, in this case only, give steering advice to the crew. The umpire also has the option of stopping the race and declaring a verdict, or re-sculling the race from the start or the point of stoppage.*

In the case of a similar temporary obstruction off the course, whether legitimately there or not, a crew in danger of collision should be warned to return to the course or, if necessary, stopped. The race would not be stopped.

A permanent obstruction, on or off the course, could be any structure that may provide a risk of damage or injury to boat, equipment or crew, and may include the bank, staging, moored boats or heavy buoys. The umpire should delay warning a crew for as long as possible, consistent with safety, to give the crew every opportunity of recognizing the obstruction itself. But, if the warning is ineffective and a collision seems imminent, the crew should be stopped. In deciding the point at which a crew should be warned, the umpire should bear in mind the experience of the crew involved.

A crew warned or stopped because of obstruction may continue to race after it has corrected its course, unless the race itself has been stopped.

If two boats are converging in 'neutral water', i.e. very close to the line that the umpire judges to separate their proper courses, and the umpire considers that there is danger of a foul or interference, he may raise the white flag and name both or use the phrase "Both crews move apart".

G32 *Instructions to crews given from the bank should be phrased: '..... Club, move to starboard', or '.... Club move to port' as appropriate. If this fails, the umpire may try 'bow-side' or 'stroke-side', or any other words to achieve the desired effect.*

G37 *The umpire should warn any persons **detected to be** offending against the intention of this Rule, and if the offence continues, he should consider giving the crew concerned an Official Warning or disqualifying it. There is no objection to mere encouragement, but every attempt should be made to stop any apparently pre-arranged method of conveying instructions, especially in steering.*

G38 ***Definition of interference** is given in the Introduction to the Rules of Racing. The distance between boats at which interference can occur must vary according to conditions, and is entirely a matter for the discretion of the umpire.*

G39 ***Definition of a foul** is given in the Introduction to the Rules of Racing.*

In the event of a restart under (b) or (d) being ordered in the early stages of the race, it should take place from the start; otherwise it should take place from the point of stoppage. Care should be taken, in the latter case, to ensure that the boats are in the same relative positions to each other as at the moment of stoppage. If the restart cannot take place immediately because of damage incurred to equipment, the Organising Committee shall decide the time and course for a re-scutt.

- G40 *'Outside agency' means an object or incident originating outside the boat, and does not cover breakages or accidents in the boat not resulting from external interference, or incidents for which a competitor is to blame.*

All regattas and clubs should have available an adequate complement of spare components, and a boatman or skilled hand to carry out running repairs. It is the responsibility of the Organising Committee, and also each crew, to check the boats prior to using them.

- G41 *The race finish line should be clearly identified by a finish post at water level on the far bank and a post or sight-line on the judges' side of the river.*

It is usual to employ two or more judges for a race, and they consult together before giving their decision. If there is a difference of view between the judges on the finish order or the distance to be declared, the view of the chief judge shall prevail.

It is normal practice for the judge to indicate when the first crew crosses the line. This will be necessary if the launch umpire is timing the race. It is also desirable but not mandatory for the benefit of the competing crews. The indication may be the lowering of a white flag, or the ringing of a bell, or both.

The distance by which a boat is declared to have won may be the smallest that can be judged, and a dead heat should be given only when it is impossible to see which boat passed the finish line first.

The judges must take no account of anything that may have happened before the boats pass the finish line, such matters being the responsibility of the starter and umpire.

A separate enclosure, preferably covered, should be provided for the judges in order that they may confer in private before declaring their verdict.

- G49 *It is the responsibility of the Organising Committee to decide the time and course for any re-scutt; the umpire's responsibility ceases when he orders the re-scutt. Both dead-heated crews may be passed through to the next round of competition, thus avoiding a re-scutt, if the draw and course can accommodate the situation.*

SECTION H - PROCESSIONAL RACE REGULATIONS

General

- H1 These Regulations shall be so applied as to ensure that all competitors race under fair conditions, but considerations of safety shall take precedence at all times.
- H2 The organisation responsible for an event shall maintain Local Event Rules specific to the competition. The SRA Rules of Racing and the guidelines for processional events, in so far as they may be applicable, shall govern the event, but the Local Event Rules shall prevail where there may be conflict.
- H3 The competition shall be divided up into sections selected from the categories of events in the SRA Rules of Racing, Section D.
- H4 Veteran scullers shall not be subject to handicapping.
- H5 A competitor may scull in one section only, but, subject to the Organising Committee accepting multi-entries, the same competitor may also cox in one or more other sections, and, subject to the same proviso, a coxswain may cox in any number of sections.
- H6 If the entry exceeds the number of boats available the crews shall be raced in divisions, split in order of status whenever possible.
- H7 The order in which the competing crews start shall be decided by ballot, except that the scullers of the winning crew of the previous year, should they enter as a crew, shall have the option of starting first.
- H8 The Organising Committee shall provide a pre-course briefing to crews describing potential hazards on the course and any penalties as stated in the rules for the event.

Conduct of Racing

- H9 A crew may start only in its allotted division. A time penalty may be imposed on any crew starting out of its balloted position, the amount of the penalty to be decided by the Race Committee.
- H10 Within each division the crews shall be started at intervals of approximately 20 seconds.
- H11 The time taken by each crew to complete the course shall be measured in such manner as the organising committee shall decide. The crew or crews that complete the course in the shortest time overall, or the shortest time within a section, shall, subject to disqualification or time penalty, be declared to be the winning crew or crews of the event or the section respectively, but no section shall be recognized in which fewer than two crews enter.
- H12 The progress of the competing crews shall be watched by officials, stationed along the course, who may be umpires (qualified or probationary) or others (race monitors). Each official shall have the powers to warn, to impose a time penalty, and to disqualify (if an umpire) or recommend a disqualification (if a monitor), according to the SRA Rules of Racing and Local Event Rules.
- H13 An umpire may call the attention of a crew to its steering only if
- a) the crew is about to interfere with or foul another crew, or
 - b) disqualification is possible
 - c) there is danger of a collision with a temporary or permanent obstruction on or off the course.
- H14 If the umpire detects interference, he shall warn the offending crew, but no crew shall be disqualified for interference unless it has been warned.
- H15 An Umpire intending to disqualify a crew shall, if possible, notify that crew immediately. Upon being notified of its disqualification, the crew shall ensure that it causes no interference in the remainder of the race.

The Umpire shall notify the Race Committee at the finish of the race and the disqualified crew as soon as practicable afterwards.

- H16 Crews infringing any other race rules shall be liable to incur a time penalty up to 30 seconds. If an official considers that a time penalty should be imposed, the amount of the penalty shall be decided by the Race Committee in consultation with the official.
- H17 Crews shall be responsible for their own steering and the umpire shall ensure that crews are not followed or paced during the race by other racing boats, nor receive any advice or instructions. No use shall be made of a megaphone, radio equipment or similar apparatus to encourage a crew from outside the boat.
- H18 A crew receiving any extraneous assistance risks an Official Warning or disqualification, and any following or pacing crew risks the same penalties.
- H19 Crews are subject to the fortunes of the day and can not be compensated for any delays caused by other river users or other competitors.

End of Race

- H20 A crew has completed the course when the bows of the boat cross the finish line.
- H21 If a competitor, other than a coxswain, falls out of the boat before the finish, the crew may still be placed.
- H22 If a coxswain falls out of the boat before the finish, the crew shall be deemed not to have completed the course; the verdict shall be 'Not Sculled Out'.
- H23 Judges shall be appointed to decide when boats pass the finish line, and the order in which they pass. If necessary they may inspect any official photographic records of the finish.
- H24 There shall be a chief judge at the finish who shall be an umpire and shall be a member of the Race Committee to provide a focal point if other members of the Race Committee are on station about the course.
- H25 Any objections or disputes raised by the crew must be lodged with the Race Committee within 20 minutes of the race finishing
- H26 The Race Committee shall consider any reports of officials regarding possible disqualification or time penalties, and shall confirm the amount of the penalty
- H27 In case of dispute, the Race Committee shall conduct an inquiry with affected parties
- H28 The Race Committee shall notify any penalized crews of decisions reached and any penalties imposed, before the results are announced

EXPLANATORY NOTES AND COMMENTS

H13 A temporary obstruction on the course may be another boat, an object in the water, or any other item that should not be there including swimmers or animals. In these circumstances the umpire should warn the crew in plenty of time so that the crew may take avoiding action; he may, in this case only, give steering advice to the crew.

A permanent obstruction, on the course, could be any structure that may provide a risk of damage or injury to boat, equipment or crew, and may include the bank, staging, moored boats or heavy buoys. The umpire should delay warning a crew for as long as possible, consistent with safety, to give the crew every opportunity

of recognizing the obstruction itself. But, if the warning is ineffective and a collision seems imminent, the crew should be stopped. In deciding the point at which a crew should be warned, the umpire should bear in mind the experience of the crew involved.

H14 Definition of interference is given in the Introduction to the Rules of Racing. The distance between boats at which interference can occur must vary according to conditions, and is entirely a matter for the discretion of the umpire.

H23 The race finish line should be clearly identified by a finish post at water level on the far bank and a post or sight-line on the judges' side of the river.

GENERAL RULES FOR PROCESSIONAL RACES

- 1 If there are islands in the course, the course rules must specify the correct side on which to pass these islands
- 2 If there are bridges in the course with multiple arches, the course rule must specify through which arches the crews may pass
- 3 Buoys may be placed on the course to direct crews, either for safety reasons or to prevent crews from taking a shorter course. The course rules must state on which side to pass the buoys and declare the purpose of the buoys.
- 4 Crews shall follow normal navigation rules and proceed to the right of centre in the direction of travel
- 5 Crews must be attentive to other river traffic at all times, and take particular care when emerging from behind an island or crossing a channel
- 6 Overtaking is permitted except where specific instructions to the contrary are given. The course regulations must state which crew should move in an overtaking situation. The general convention for skiff racing is that crews being overtaken shall yield the stream by moving away from the bank when going upstream and away from the centre when going downstream, and if a foul occurs, the crew being overtaken shall be at fault if it has failed to move correctly. However the organisers are not obliged to follow this convention if circumstances require otherwise, but then it must be clearly stated which crew is at fault if a foul occurs.
- 7 There may be a need for clarity when crews meet when approaching and turning a bend in the course.
 - 1 If the turn is to the right when proceeding upstream, or to the left when proceeding downstream then the standard overtaking convention above will ensure the overtaking crew is given right of way
 - 2 If the turn is to the left when proceeding upstream or to the right when proceeding downstream, then right of passage changes if the convention above is followed, and so specific instructions must be given.
- 8 A no overtaking zone may be specified, for example through bridges, beside an island, or in a turn to avoid the situation at 7.2. The start and end of no-overtaking zones must be clearly indicated. Crews must not cause interference to following crews by stopping or deliberately slowing down in a no-overtaking zone. An umpire may warn a crew that appears to be doing so.
- 9 Crews that infringe the rules, whether intentionally or not may be subject to penalties.

Disqualification may be awarded for

- a Disregarding the safety of other river users or competitors. This includes passing the wrong side of buoys that are placed for safety reasons.
- b Bringing another crew to a halt or fouling other crews repeatedly
- c Impeding another crew in a no overtaking zone, having received a warning
- d Using foul language towards another river user not in the race.

A time penalty of up to 30 seconds may be imposed for crews that start out of position or gain unfair advantage

- a Taking a shorter course by missing buoys or other directional controls

b Overtaking in a no overtaking zone.

LIST OF PROCESSIONAL EVENTS

EVENT	ORG	TYPE	DATE	COURSE	Established	TROPHIES
Doubles Marathon	SRA	Doubles	October	Walton	1909/1956 1978	Heldmann Trophy Liz Walsh Trophy

DSPC Singles	DSPC	Singles	May	Thames Ditton	2007	

* The Tiny and Nancy Knight Trophies are awarded to Doubles crews in which neither competitor has won a senior event.

SECTION J - SAFETY REGULATIONS

Organising Committees

- J1 No regatta or processional race shall take place without prior consultation between the organizers and the appropriate navigation authority to ensure that the event can take place under conditions that are safe for competitors and the general public alike.
- J2 A regatta racing course, and the navigation channel for other passing river users, must be marked with clearly visible buoys as required by the navigation authority. Notices must be prominently displayed to warn other river users of the event and the actions required of them.
- J3 In processional races, the areas before the start line and beyond the finish line shall be clear of all locks and weirs and give ample room for crews to be marshalled and turn in the former, and to clear the finish line in the latter, without interfering with other crews or with the course of other river users. Hazardous areas such as shallows, under-water obstructions, narrow passages, side channels and areas where other river traffic crosses the course, shall be conspicuously marked, and identified in the competitors' instructions.
- J4 The Organising Committee shall be responsible for ensuring that medical and life-saving services, as far as practicable in line with the BR Water Safety Code, are provided throughout the competition, both before, during, and after racing periods. It shall ensure that, if considered at risk, any officials and helpers in work boats or launches, and stake-boat persons, particularly if young children are provided with life jackets or buoyancy aids.
- J5 The Organising Committee shall ensure that all competitors and officials are made aware of the circulation pattern to be followed at all times during the period of racing, any regulations regarding marshalling, and practice, warm-up and wind-down areas, and any points of danger on or near the course. [Competitors and officials](#) shall also be made aware of the medical support arrangements, the positions of any safety boats and first-aid stations, and the locations of any emergency telephones.
- J6 Notwithstanding any of the regulations in this section, an Organising Committee, its officials and helpers shall not be held responsible for any loss, damage or injury suffered by competitors or spectators.

Race Committees

- J7 The Race Committee shall monitor water and wind conditions throughout the period of the competition. If at any time the Race Committee jointly considers that the conditions jeopardise the requirements of safety or of fair racing, they shall stop or suspend racing until such time as safe and fair conditions are restored. If circumstances permit, the Race Committee should consult with the Organising Committee, or its representative, before taking action and before resuming racing after an enforced break.

Umpires

- J8 It is the primary duty of every umpire, and every other official, to care for the safety of competitors, officials, other water users and the public at large. In particular, regatta umpires should give precedence to the avoidance of collisions in accordance with Rules [G30](#), [G31](#) and [G32](#) and the Notes thereon.
- J9 Processional-race umpires shall give instructions to crews to avert collisions or accidents, and may stop crews for safety reasons. They shall note any breaches of the safety regulations and report such violations to the Race Committee for appropriate penalties.
- J10 A regatta race umpire should halt racing if safety or fairness is compromised, and should involve the Race Committee as soon as possible (see Rule [J7](#)).
- J11 A launch used for umpiring should comply with the characteristics in the Note to Rule [G9](#) and, as far as practicable, be equipped with the recommended safety equipment in line with the BR Water Safety Code. Umpires and launch drivers must provide their own life jackets or buoyancy aids if they wish to use them.

Crews

- J12 Crews must proceed to the start according to the declared circulation pattern and must keep clear of a regatta course according to Rules [G13](#) and [G14](#).
- J13 Any crew that violates Rule [J12](#) or any other mandatory safety regulation, or that is observed executing a dangerous manoeuvre, may be awarded an Official Warning.
- J14 All competitors enter a regatta entirely at their own risk (see also Rule [J6](#)), but to minimise the risk they should be in good health and able to swim a minimum distance of 50 metres in light clothing and shoes. Coxswains who may be considered at risk, particularly if young, must wear a life jacket or buoyancy aid.

EXPLANATORY NOTES AND COMMENTS

- J6 *It is advisable that an Organising Committee should state in its programmes and official notices a disclaimer in the following words, or similar:*

'While the Committee will take all reasonable precautions to ensure the safety of competitors and spectators, and their property, it does not accept responsibility for any loss, damage or injury to persons or property, however caused.'

- J14 *All clubs are advised to carry and maintain adequate comprehensive insurance to cover personal injury to members on and off the water and personal injury and damage to property or third parties.*

SECTION K- DISPUTES AND DISCIPLINARY PROCEDURES

General

K1 The decision of an umpire shall be final and without appeal. The jurisdiction of an umpire, or group of bank-umpires, shall extend over the whole race including the start and the finish.

K2 Race Committees and umpires may decide at their discretion any cases not covered in these Rules.

A report on such cases shall be sent to the Hon. Secretary of the SRA.

Protests

K3 A crew may make an immediate protest at the end of a race against an umpire's decision. A protest should be signalled to the race umpire, if launch based, by the raising of hands as soon as the crew has passed the finish line, or, failing the umpire, to the chief judge.

A protest at a bank-umpired race may be made through the chief judge to the co-ordinating umpire.

A protest may be made by an official club representative on behalf of the crew.

K4 Should an immediate protest to the umpire fail, a further protest may be made to the Race Committee, but appellants should realize that the Race Committee cannot overturn the decision of the race umpire, its powers being limited as described in the Note to Rule C9.

K5 Any protest not satisfactorily settled between the crew concerned and the competition organisers, or any protest involving a poor umpiring or Organising Committee decision, shall be referred in writing by the Captain of the club of the protesting crew to the Chairman of the Qualified Umpires Sub-Committee.

Misrepresentation

K6 No one may compete in an event if not qualified to do so under the Rules of Sections D, E and F. Anyone found competing in an event while:

- a) not qualified for the event, or
- b) banned from competition, or
- b) competing under a false identity

shall be disqualified from the competition together with the crew, or crews, of which he or she may be a part.

The incident shall be reported to the Hon. Secretary of the SRA, and the SRA Committee may take further action under Rule K11. (See also [Rules B9 and B17](#).)

Unsportsmanlike Behaviour

K7 Competitors, crews, groups of club members, or supporters of a club shall be considered to have engaged in Unsportsmanlike Behaviour if they:

- (a) Wilfully or repeatedly disobey safety instructions ([Rule J13](#))
- (b) Refuse to follow the instructions of an umpire or properly appointed official
- (c) Physically or verbally threaten or abuse another competitor, competition official, helper (including stake boat persons), or members of the public
- (d) Use foul or obscene language in the public hearing, or use foul or obscene gestures in the public view
- (e) Being competitors, misrepresent themselves as in [Rule K6](#)
- (f) Display any other form of misconduct deemed by an official to be 'unsportsmanlike'

They shall be subject to disciplinary measures as indicated in Rules [K8](#), [K9](#), [K10](#) and [K11](#).

Disciplinary Measures

- K8 The disciplinary measures in the jurisdiction of any officiating umpire or the Race Committee are:
- (a) A caution,
 - (b) An Official Warning,
 - (c) Disqualification from the race in which the Rules have been infringed.
- K9 Official warnings shall apply as follows..
- (a) Those given under [Rules G15 and G18](#) shall apply to the race in which they were incurred.
 - (b) Those given under [Rules G37, K7 \(a\) and K7 \(b\)](#) shall apply to all races in the event in which the crews are involved.
 - (c) Those under [Rules K7\(c\), \(d\), \(e\) or \(f\)](#) shall apply to all races at the competition in which a crew, an individual competitor or a crew of which he or she is a part, are involved.
- K10 The disciplinary measures in the jurisdiction of the Race Committee are:
- (a) A 'public warning',
 - (b) Disqualification of an individual competitor, a crew, or a club from all races at the competition. (Any prizes already won and presented shall be returned and may be re-awarded to the crew finishing second; no entry fees shall be refunded.)
 - (c) If the misconduct is serious enough for the disciplinary measures of (b) above to be imposed, but that action would be ineffective because the competition is effectively over for the competitor, crew, or club involved, the Race Committee may impose similar measures to be effective at the next following competition.
- K11 The disciplinary measure in the jurisdiction of the SRA Committee is a ban from competing without limit, applicable to individuals or clubs. The Committee shall meet not later than three weeks after the competition to hear the case, and may consider both written and verbal evidence, the parties concerned representing themselves. The result of the hearing shall be published to all affiliated clubs and to any affiliated regatta that may be affected by any imposed ban.

EXPLANATORY NOTES AND COMMENTS

K8(a) A caution might be given at the end of the race if, for example, an inexperienced crew has shown behaviour that might have lead to an infringement of the rules or unsafe consequences

K10 (a) A 'public warning' involves an announcement over the public address system at the competition of the name of the individual competitor, crew or club involved, and that a repetition of the offence may be treated under Rule [K9\(b\)](#).

K10 (b),(c) In the case of action under these Rules, the chairman of the Race Committee shall send a written report of the incident to the Hon. Secretary of the SRA within three days of the competition.

K10 (c) Race Committees should be cautious in exercising their powers under this Rule against clubs, owing to the potential loss of income to the competition concerned.

K11 This level of action is to be used only for very serious situations, where the individual competitor, crew, or club has attempted to cheat and/or misrepresent, or has exhibited gross misconduct under [Rule K7](#), or has repeated an offence dealt with under [Rules K10\(b\) or K10 \(c\)](#).
