

CONTROLLED COPY

SKIFF RACING ASSOCIATION HANDBOOK

This Handbook is controlled by the Skiff Racing Association to ensure that it is kept up to date with any revisions.

Each Handbook is issued to a SPECIFIC PERSON to whom copies of any revised pages will be sent. If the person listed below changes his/her address would he/she please notify the Secretary of the SRA. Also if the person below, through a change in office within a club or regatta, hands this copy on to another person would he/she please again notify the Secretary of the SRA.

COPY No.	ISSUED TO	DATE OF ISSUE

SKIFF RACING ASSOCIATION

HANDBOOK

This Handbook is published upon the authority of the Committee of the Skiff Racing Association. It cancels and supersedes all previous publications.

Copies of this Handbook may be obtained from the Honorary Secretary of the Skiff Racing Association for a nominal charge.

The name and address of the Honorary Secretary will be found in the current British Rowing Almanack, under the heading 'Skiff Racing'.

ABBREVIATIONS AND DEFINITIONS

The abbreviation SRA is used throughout for ‘Skiff Racing Association’.

The abbreviation ARA is used throughout for ‘Amateur Rowing Association’.

The masculine shall be deemed to include the feminine except where the contrary appears.

ARA Definition of an Amateur

~~/E~~ *This definition has been deleted.*

CONSTITUTION

1. Objects The Association (founded in 1901) shall be called 'The Skiff Racing Association'; it is hereinafter referred to as the SRA and its objects shall be:
 - (a) To maintain the standard of sculling in skiff and kindred races.
 - (b) To promote the interests of skiff racing and kindred sports.
2. Composition The SRA shall consist of clubs and regattas affiliated in accordance with Article 3.
3. Affiliation Any club or regatta willing to bind itself to observe the constitution and rules of the SRA may become affiliated upon making application to the Hon. Secretary and being duly elected by a majority of two-thirds of a meeting of the Committee. A regatta organized by an affiliated club, as part of its programme, may not itself become affiliated.

Each club or regatta on becoming affiliated to the SRA, and thereafter from time to time as necessary, shall send to the Hon. Secretary the name and address of the person to whom communications shall be sent. Notices sent by the Hon. Secretary to the name and address last given shall be deemed to have been properly sent to the affiliated club or regatta whether received or not.

Each affiliated club shall, when required, send to the Hon. Secretary a list of its members and a copy of its last Balance Sheet.

Each affiliated regatta shall, when required, send to the Hon. Secretary a list showing the names of the members of the regatta committee and a copy of its last Balance Sheet.

The racing colours of each affiliated club at the time of affiliation, and any subsequent change in them, shall be notified to the Hon. Secretary.

4. Subscription Each affiliated club and regatta shall pay to the SRA an annual subscription the amount of which, in respect of the right to each vote as defined in Article 10, shall be decided by the Committee each year. The said amount shall be notified to each club or regatta after each Annual General Meeting.

Subscriptions shall fall due upon demand and shall be paid not later than the 1st June each year. Should the subscription of an affiliated club become overdue, the nominated Committee member of such a club shall be ineligible to vote at Committee meetings until the overdue subscription has been paid.

5. Government The government and management of the SRA shall be vested in the Committee, who shall meet at least once in every six months or as often as may be required.

The Hon. Secretary may call a Committee meeting at any time found necessary, and shall do so within 14 days if requested in writing by not less than eight members of the Committee.

The Chairman shall preside at Committee meetings, but in his absence a chairman shall be elected for the occasion from among the Committee members present.

Eight members of the Committee shall form a quorum and the Chairman shall have a casting vote.

6. Constitution of the Committee The Committee shall consist of the President, the nominated and elected members, the Hon. Officers, and the Chairman.

- (a) The nominated members shall be one member nominated each year by each of the affiliated clubs.

A vacancy occurring among the nominated members shall be filled by the nominating club.

The name and address of its nominated member shall be notified to the Hon. Secretary in writing by each affiliated club not later than the 31st March each year. Failing such notification the previously nominated member shall be deemed to continue in office.

- (b) The elected members, each of whom must be a member of an affiliated club or a member of the committee of an affiliated regatta, shall not exceed ten in number and shall be elected according to Article 12.

Elected members shall retain office for two years and shall be eligible for re-election upon retirement.

A vacancy by reason of retirement or death occurring among the elected members may be filled by resolution of the Committee, and a person so appointed shall hold office until the next Annual General Meeting.

- (c) The Hon. Officers shall be the Hon. Secretary and such others not exceeding two in number as may have been appointed by the Committee. One of these two appointments shall be that of the Honorary Treasurer, but the Hon. Secretary may undertake the duties of either or both such Hon. Officers.

- (d) The Hon. Officers and the Chairman shall be elected annually by the Committee, either from among the Committee or from outside, at the first Committee meeting following the Annual General Meeting, provided always that a person so elected from outside the Committee shall be a member of an affiliated club or a member of the committee of an affiliated regatta.

6. Constitution of the Committee (continued)

(d) (continued)

A vacancy by reason of retirement or death occurring among the Hon. Officers and Chairman may be filled by resolution of the Committee, and a person so appointed shall hold office until the next annual election.

7. Honorary Officers The Hon. Secretary shall keep a proper record of the proceedings of the Committee and General Meetings. The Hon. Treasurer shall be responsible for the books, accounts and funds of the SRA and shall submit an audited account each year for presentation to the next Annual General Meeting.

In the event that the Hon. Secretary resigns or is otherwise unable to fulfil his duties, the responsibility for calling a Committee meeting to elect a replacement, or for calling a General Meeting, shall fall on the Chairman, or failing him, in order, another Hon. Officer, the President, or members of the Committee in alphabetical order of surname.

8. Powers and Duties of the Committee The Committee's powers and duties shall be:

- (a) To consider, and thereafter approve or reject, applications for affiliation of clubs and regattas according to Article 3.
- (b) To suspend or remove affiliated clubs and regattas according to Article 15.
- (c) To set the annual subscription to the affiliated clubs and regattas according to Article 4.
- (d) To elect annually the Hon. Officers and Chairman of the SRA Committee according to Article 6(d).
- (e) To fill vacancies occurring among the members of the Committee, or in the office of Hon. Auditor, according to Articles 6(b), 6(d) and 13(d).
- (f) To call Special General Meetings according to Article 9.
- (g) To elect persons to, or remove persons from, Associate Membership of the SRA according to Article 14 and the section entitled 'Associate Membership', and to appoint annually an Associate Members' Hon. Secretary.
- (h) To amend the Constitution of the SRA according to Article 16.
- (i) To amend the SRA Rules of Racing and such other rules and regulations as may, within the sections of this Handbook, be within the province of the SRA.
- (j) To fix annually the regatta calendar according to Rules A5 and A6 of the SRA Rules of Racing.

8. Powers and Duties of the Committee (continued)

- (k) To appoint Qualified and Probationary umpires according to the section entitled 'Appointment of Umpires'.
- (l) To organize the SRA Inter-Club Team Races, and organize or control marathons and other processional races, according to the relevant sections of this Handbook.
- (m) To appoint a Status Records Recorder to keep a register of each competitor's wins and classification in SRA-affiliated regattas and regattas organized by SRA-affiliated clubs according to the SRA Rules of Racing, Sections D and E.
- (n) To appoint a Veteran Records Recorder according to the section entitled 'Veteran Racing'.
- (o) To appoint an Ormiston Points Recorder according to the section entitled 'Ormiston Memorial Trophy'.
- (p) To decide annually the winner of the 'Most Improved Sculler of the Year Award', and to purchase and present the award according to the section entitled 'Most Improved Sculler of the Year Award'.
- (q) To specify the construction and dimensions of racing skiffs and sculls according to Rule C1 of the SRA Rules of Racing.
- (r) To impose penalties in accordance with Rule G10 of the SRA Rules of Racing.
- (s) Generally to determine and settle all questions and disputes concerning skiff racing and kindred sports that may be referred to them for decision.
- (t) Furthermore the Committee shall take such other steps that they may consider necessary or expedient for carrying into effect the objects of the SRA, including the possible acquisition of equipment that may reasonably be shared between affiliated clubs and regattas on a loan or hire basis.

/E\ Provided always that the Committee shall have no power to make or alter any rule in Section F (Race Regulations) in the SRA Rules of Racing so as to make such rule conflict with the spirit of an equivalent ARA rule.

9. General Meetings A General Meeting of the members of affiliated clubs, the members of the committees of affiliated regattas, the Committee and the Associate Members, shall be summoned by the Hon. Secretary once each year for the following purposes, and for such other purposes as may have been decided by the Committee:

- (a) To receive, and approve or otherwise, the Committee's Report.
- (b) To receive, and approve or otherwise, the audited accounts.

9. General Meetings (continued)

- (c) To elect the President of the SRA.
- (d) To elect members of the Committee in place of those retiring according to Article 6(b).
- (e) To elect an Hon. Auditor.

Each such meeting shall be called the Annual General Meeting and shall be held during the month of April, unless special circumstances prevail.

Special General Meetings may be called at any time by resolution of the Committee.

Except for the special procedures for electing the President and the Committee according to Articles 11 and 12 respectively, each person present at a General Meeting may speak, propose or second any motion, and exercise the right to one vote.

The President of the SRA shall take the Chair at General Meetings or, in his absence, the Chairman shall be appointed by the meeting. Except during the election of the President, the Chairman shall have a casting vote.

The Hon. Secretary shall give not less than ten days notice in writing to each affiliated club and regatta, to the Committee and to the Associate Members, of the time, place and agenda of each General Meeting, and shall require each affiliated club and regatta to notify him, in writing, not less than three days before the meeting, of the name of their representative who shall be entitled to exercise the votes to which the club or regatta is entitled.

10. Voting Powers of Affiliated Clubs and Regattas For the purposes of electing the President of the SRA, and the Committee, at the Annual General Meeting, or for such other purposes at a Special General Meeting that the Committee may deem appropriate, the affiliated clubs and regattas shall have the power to vote as follows, provided always that the subscriptions of such clubs and regattas are not in arrears at the time of voting and that the names of their representatives have been notified to the Hon. Secretary according to Article 9:

- (a) Each club devoted solely to skiff racing or to skiff racing and kindred sports, one vote, and for every 50 members in excess of 50 another vote, with a maximum of four votes.
- (b) Each skiff regatta holding an open event or events in each year, two votes.
- (c) Each club not devoted solely to skiff racing but occasionally entering skiff events, one vote.

F The term 'member' in this Article shall only include a person aged 18 or over who pays an annual subscription to the club, or has become a life member or honorary member thereof according to the Rules of the club. Each adult member of a family membership shall count as one member.

10. Voting Powers of Affiliated Clubs and Regattas (continued)

For the purposes of this Article the membership of an affiliated club shall be that obtaining at the time the demand for the affiliation fee is made.

The votes to which an affiliated club or regatta shall be entitled at a General Meeting shall derive from the payment of the last preceding subscription according to Article 4. The rights to such votes shall remain with the affiliated club or regatta until such time as the Hon. Secretary has issued the demand for the affiliation fee in respect of the next ensuing year.

11. President of the SRA The President of the SRA shall be elected at the Annual General Meeting.

(a) The Hon. Secretary shall invite nominations from the representatives of the affiliated clubs and regattas, and the Associate Members, present and no others. Each nomination shall be proposed and seconded.

(b) Each person nominated shall have indicated his willingness to serve if elected, and shall be a member of an affiliated club or a committee member of an affiliated regatta.

/B\ (c) A ballot shall take place if there is more than one candidate. Those eligible to vote are Associate Members, who are entitled to one vote, and the representatives of affiliated clubs and regattas, with voting powers as specified in Article 10.

(d) The Hon. Secretary shall furnish voting papers; each representing one vote, to those entitled to vote. The voting papers shall be collected by scrutineers, elected from among those present, who shall report to the Chairman of the meeting the result of the ballot.

(e) If the ballot should result in a tie, the successful candidate shall be chosen by the toss of a coin or by such other means as the meeting may decide.

12. Election of Committee The election of members of the Committee shall be carried out as follows at each Annual General Meeting:

(a) The Hon. Secretary shall invite nominations from the representatives of the affiliated clubs and regattas present and no others. Each nomination shall be proposed and seconded.

(b) Each person nominated shall have indicated his willingness to serve on the Committee if elected, and shall be a member of an affiliated club or a member of the committee of an affiliated regatta.

(c) If five or fewer nominations, each duly proposed and seconded, are received, the persons so nominated shall be deemed elected members according to Article 6(b).

12. Election of Committee (continued)

- (d) If more than five nominations are received, a ballot shall take place, the Hon. Secretary furnishing voting papers, each representing one vote, to the representative of each affiliated club and regatta present.
- (e) Each vote shall entitle the representative to cast a vote for any five, neither more nor less, of the candidates; otherwise the vote shall be invalid.
- (f) The voting papers shall be collected by two scrutineers, elected from among those present, who shall report to the Chairman of the meeting the results of the ballot.
- (g) The candidates elected shall be the five who secure the highest number of votes.

If the vote fails to identify five clear successful candidates because of two or more candidates tying for the last place or places, then those tying candidates shall be subject to a further ballot.

If at any Annual General Meeting there is a person who has filled by resolution of the Committee a vacancy caused by the retirement or death of an elected member whose two year term of office had a further year to run, the election of a person to fill the vacancy for the remaining year shall be the subject of nominations and a ballot which shall be conducted in the manner set out above.

13. Honorary Auditor The Hon. Auditor of the SRA shall be elected at the Annual General Meeting.

- (a) The Hon. Secretary shall invite nominations from anyone present at the meeting. Each nomination shall be proposed and seconded.
- (b) Each person nominated shall have indicated his willingness to serve if elected, and need not be a member of an affiliated club or a committee member of an affiliated regatta.
- (c) A vote shall take place if there is more than one candidate, each person present at the meeting being entitled to one vote.
- (d) A vacancy by reason of retirement or death occurring in the office of Hon. Auditor may be filled by resolution of the Committee, and a person so appointed shall hold office until the next Annual General Meeting.

14. Associate Members Past scullers and others interested in the SRA, or who have rendered service to skiff racing, shall be eligible for election to Associate Membership of the SRA for such term and on such conditions as the Committee may from time to time decide.

15. Suspension and Removal An affiliated club or regatta whose subscription has been in arrears for three consecutive years shall be liable to be removed from the SRA by resolution of the Committee, who shall also have the power, on any other due cause being shown, to suspend or remove any affiliated club or regatta from the SRA.

15. Suspension and Removal (continued)

No motion for the suspension or removal of an affiliated club or regatta shall be considered except at a Committee meeting specially called at not less than 7 days notice for that purpose. Such a motion shall not be deemed carried except by a majority of two thirds of the Committee present.

A resolution for the removal of an affiliated club or regatta from the SRA must be confirmed at a subsequent meeting of the Committee to be held within one month of the first meeting and specially summoned at not less than 7 days notice for that purpose. Such confirmation shall not be deemed carried except by a majority of two thirds of the Committee present.

16. Alteration of the Constitution No addition to, or alteration of, the Articles of the Constitution shall be made except by the vote of at least two thirds of the members present at a meeting of the Committee specially summoned at not less than 7 days notice for the purpose. The notice summoning the meeting shall set out in full the additions or alterations proposed.

17. Dissolution If, upon the winding up or dissolution of the SRA, there remains, after the satisfaction of all its debts and liabilities, any property whatsoever, the same shall not be paid to or distributed among the Associate Members or any other individuals, but shall be given to some charitable or sporting organization or organizations, such organization or organizations to be determined at a Special General Meeting called at or before the time of dissolution.

ASSOCIATE MEMBERSHIP

The Associate Membership of the SRA was inaugurated by the SRA Committee in 1962 as a means of augmenting the annual income of the SRA.

RULES

1. Associate Members of the SRA shall be past scullers and others interested in the SRA or who have rendered service to skiff racing, and who shall have been elected by ballot with simple majority by the Committee of the SRA.
2. Nominations for election to Associate Membership shall be made only by members of the Committee of the SRA, and shall be circulated to all members of the Committee.
3. Upon being elected, and thereafter annually on 1st January, each Associate Member shall contribute to the SRA funds such sum as the Committee shall from time to time decide.

Life Associate Members may be elected, with or without subscription, at the discretion of the Committee.

4. The Committee shall have the power, on due cause being shown, to remove any Associate Member from the Membership. A motion in Committee to remove an Associate Member shall not be deemed carried except by a majority of two thirds of the Committee present.
5. Under Articles 9 and 11 of the Constitution, each Associate Member shall be entitled to attend the Annual General Meeting and to cast a vote in the election of the President.

Associate Members shall be entitled to wear the SRA Associate Members' tie.

6. The register and records of the Associate Members shall be kept by the Associate Members' Hon. Secretary, who shall be appointed annually by the Committee.

RULES OF RACING

<u>Section</u>	<u>Subject</u>
A	General
B	Regatta Conditions and Entries
C	Regatta Regulations
D	Classification of Competitors
E	Categories of Events
F	Race Regulations
G	Disputes and Disciplinary Procedures
H	Processional Races
J	Safety Regulations
	Explanatory Notes and Comments

These Rules relate to racing in skiffs. They do not cover racing in any other form of craft or in skiffs propelled by means other than sculls; nor do they cover races, whether in skiffs or not, included in 'Rag' regattas.

The term 'crew' is deemed to include the scullers and coxswain in double sculling and the sculler in single sculling.

'Race' is defined as any heat, repêchage or final in an event.

'Event' is defined as a race or series of races leading to a final decision in any category of racing and includes a Processional Race or category of racing within a Processional Race.

'Regatta' is defined as a group of one or more events managed by one organizing committee.

'Processional Race' is defined as one in which boats are started at intervals of time or distance and of which the result is determined in an order based on elapsed time, or on bumping or overtaking.

'Circulation Pattern' is defined as the compulsory directions of travel in various areas and lanes in and around a course that are available for competitors' use during racing and practice on the water.

'Not Sculled Out' is a verdict used when one or more crews in a race fails to continue racing throughout the course to the finish.

For Rules marked * see Rule H2.

SECTION A - GENERAL

- /E\ A1 The Rules of Racing adopted by the SRA shall be observed.
- A2 The organization, control and safety of a regatta under these Rules shall be the responsibility of the committee organizing the regatta.
- A3* An organizing committee shall appoint officials to carry out the duties specified in these Rules. No one shall act as an umpire unless he is a qualified SRA umpire or the holder of a valid ARA Umpires Licence or an SRA probationary umpire acting under the supervision of a qualified umpire.
- A4 An organizing committee shall state in its programmes and official notices that the regatta is to be held in accordance with the Rules of the SRA.
- A5 No regatta shall be held under these Rules unless its date, place and conditions have been approved by the Committee of the SRA. The Committee may refuse to approve a date that has not been submitted in accordance with the timetable specified annually by the Committee of the SRA.
- A6 If a regatta does not take place on the agreed date, through exceptional or unforeseen circumstances, the organizing committee may hold it on another date with the approval of the Committee of the SRA.
- A7 The organizing committee shall forward the results of the racing to the Hon. Secretary of the SRA within seven days of the regatta. These results shall include, for each event in the programme, the names of the winners and their clubs, the number of entries, and the number of scratchings. A properly marked-up programme would suffice.
- A8 All questions not specifically covered by these Rules shall be decided by the organizing committee, which shall take care to ensure that no breach of them arises from the imposition of local conditions.

SECTION B - REGATTA CONDITIONS AND ENTRIES

B1 Notice of a regatta shall include:

- (a) Place, date and time of the regatta.
- (b) The categories of events.
- (c) Special restrictions or conditions, whether or not affecting classification of competitors.
- (d) The amount of the entry fees.
- (e) The length and location of the course.
- (f) The date and time at which entries close.
- (g) The address for entries and correspondence.

A copy of the notice of the event shall be forwarded to the Hon. Secretary of the SRA simultaneously with the distribution to clubs.

B2 The entry form for a regatta shall include:

- (a) The name of the club entering.
- (b) The names and, where appropriate, date of birth and weight of competitors.

The names of the competitors shall be set out in the order of sculling, beginning with bow, who shall be designated 'Number 1'.

The following form of certificate shall appear on the entry form:

/E\ 'I certify that all competitors named and any substitutes who may be introduced are/will be members of this club, or of the clubs shown against their names, and are eligible to compete in the events for which they are entered.'

An entry shall not be valid unless the entry form has been duly completed and signed.

B3 Entries shall close at least three clear days before the date of the event. No official of the organizing committee shall divulge any entry, or report the state of the entry list, until such list is closed.

B4 No person shall be entered more than once for the same event at a regatta.

B5 An organizing committee may investigate any questionable entry and may return or annul an entry at any time without giving a reason.

- B6 If only one crew is entered for any event the organizing committee shall cancel the event and refund the entry fee, or, if the crew involved agrees, they may transfer the entry to another event for which the crew is eligible. If the event is a category of racing within a processional race, the organizing committee shall not refund the entry fee but may, if the crew involved agrees, transfer it to another category of racing for which it is eligible. This Rule shall not apply to a Skiff Championship event.
- B7 If more than one entry for an event is received and all withdraw but one, the remaining crew shall scull over the course in order to be entitled to any prize.
- B8* A copy of each competitor's first race time shall be sent no later than three days before the event to the clubs entered.
- B9 The organizing committee may, if notified at least 30 minutes before the official race time, permit a substitute to take the place of any one sculler of a doubles crew named in the entry provided that neither the substitute nor the original crew member has already raced in the event. The substitute need not be a member of the club of the original crew member.
- /E\ B10 When a coxswain is not available, a person whose name has not been entered may, with the consent of the organizing committee, act as a coxswain provided that his name is notified to the organizing committee at least 30 minutes before the official start time of the crew's first race, and that he has not already coxed or sculled in the event.
- B11 Objections to the qualifications of a competitor shall be made to the secretary of the regatta and confirmed in writing as soon as possible. The organizing committee may withhold or withdraw prizes until the outcome of any investigation is announced.

SECTION C - REGATTA REGULATIONS

- C1 The design, dimensions and construction of skiffs shall be as specified by the SRA. See the section entitled 'Construction and Dimensions of Racing Skiffs and Sculls'.
- C2* Races shall take place in matched skiffs, except in exceptional circumstances when the organizing committee may allow unmatched skiffs.
- C3 No competitor shall make use of any substance capable of modifying the natural properties of water.
- C4 An organizing committee shall not offer any form of money or value prize without obtaining the prior written authority of the Hon. Secretary of the SRA. Any club or regatta offering such a prize without prior approval shall be liable to be penalized, and such prize, if awarded, shall be returned forthwith. Clubs, regattas or competitors giving, offering or accepting any unauthorized money or value prize from any source shall be liable to suspension from the SRA or from competition as appropriate.
- C5 Trophies shall be deemed to be awarded to the successful competitors unless specified otherwise.
- C6 Every competitor shall wear complete clothing. Scullers shall wear a sleeved jersey which shall show the racing colours of the club they represent.
- /C\ C7 The organizing committee shall appoint a Race Committee of three qualified umpires and shall nominate a chairman from among them who shall be responsible to the organizing committee for the applications of the Rules of Racing at the regatta. The Race Committee shall take any decisions on the conduct of racing not in the province of an officiating umpire, and shall hear any protests or complaints to or from the organizing committee. However, the race umpire is responsible for the conduct and outcome of the race.
- C8 An organizing committee shall appoint a suitably qualified person to supervise the crews' embarking and disembarking points. He shall check the composition and dress of crews and ensure that all relevant Rules are observed, including those appertaining to Lightweights and to the carrying of dead-weight by coxswains, and those appertaining to the construction of boats.
- C9 Women may not compete in men's events or vice versa except as coxswains.

SECTION D - CLASSIFICATION OF COMPETITORS

D1 Scullers shall be classified as follows:

- (a) Novice
- (b) Junior
- (c) Junior-Senior
- (d) Senior
- (e) Veteran
- (f) Novice Veteran
- (g) Lightweight

Classifications (a) to (d) inclusive are termed Status classifications; the remainder are termed Non-Status classifications.

D2 A NOVICE sculler is one who:

- /E\ (a) Has won fewer than two Novice events, and
- (b) Has never won an open non-processional Lightweight event, and
- (c) Has never won an open non-processional event, whether qualifying or not, with oar or sculls under ARA Rules other than a Junior under 16, or lower age category, event, and
- /E\ (d) Has not won a Junior, Junior-Senior or Senior event.

D3 A JUNIOR sculler is one who:

- (a) Has won two Novice events, or
- (b) Has won one Junior event, or
- (c) Is debarred from competing as a Novice under Rules D2(b) and D2(c), and
- (d) Has not won a Junior-Senior or Senior event.

D4 A JUNIOR-SENIOR sculler is one who:

- /E\ (a) Has won two Junior events, or
- (b) Has won one Junior-Senior event, and
- (c) Has not won a Senior event.

D5 A SENIOR sculler is one who:

- (a) Has won three Junior-Senior events, or
- (b) Has won a Senior event.

- /E\ D6 The wins in paragraph (a) of Rules D2, D3, D4 and D5 refer to the aggregate wins as defined in Rule E3; the remaining wins in these Rules may be qualifying or non-qualifying, also defined in Rule E3, except for an ARA definition in Rule D2(c).

Classification under these Rules is independent for single sculling, double sculling, and mixed-double sculling.

D7 A VETERAN sculler is one who has attained the age of 32 years before 1st January of the current year.

/E\ D8 A NOVICE VETERAN sculler is one who:

- (a) Is classified as a Novice under Rule D2, and
- (b) Is classified as a Veteran under Rule D7.

Classification under this Rule is independent for single sculling, double sculling and mixed-double sculling.

D9 A LIGHTWEIGHT sculler is one whose weight does not exceed 72.5 kg (men) or 59 kg (women).

D10 There is no classification of COXSWAINS. The minimum weight for Coxswains shall be 50 kg, and they shall sit on the coxswain's thwart. Coxswains who weigh less than 50 kg shall carry dead-weight to make up the deficiency, and this shall be carried beneath the coxswain's thwart. Coxswains shall be weighed before their first race in the clothing they expect to wear in the event, inclusive of any buoyancy aid.

/E\

SECTION E - CATEGORIES OF EVENTS

- E1 An Open event shall be one for which any competitor eligible under the general conditions and the qualifications for that particular event (except as listed in Rule E2) may enter.
- E2 A Closed event shall be any one of the following, and shall not be subject to these Rules other than Rule C4:
- (a) Private matches arranged solely by agreement among the clubs or competitors concerned.
 - (b) Events open only to members of one club.
 - (c) Invitation events, i.e. events restricted to competitors specified by the organizers.
- E3 A Status event is an open event the winning of which may affect a competitor's status classification, and is any open event other than those defined in Rule E4. Status events are divided into two categories: Qualifying events, in which a minimum of four crews compete; and Non-Qualifying events, in which fewer than four crews compete. A crew that enters for an event but scratches without racing, or is disqualified under rule G6, is deemed not to have competed; but a crew that races legitimately and subsequently withdraws is deemed to have competed. Three wins in non-qualifying events shall be equivalent to one win in a qualifying event; the total of effective wins in qualifying events, using the above equivalence relation, is defined as the Aggregate number of wins.
(See the Note to this Rule.)
- /G\
- E4 Non-Status events are open events the winning of which does not affect a competitor's status classification, and shall be:
- (a) Events open only to Veterans.
 - (b) Events open only to Novice Veterans.
 - (c) Events in which an upper age limit is placed on the competitors.
 - (d) Lightweight events as defined in Rule E12 (but see Rule D2(b)).
 - (e) Processional events.
 - (f) Handicap and relay events.
 - (g) Events in which the competitors are allocated to crews by the organizers.
 - (h) Events specifically advertised as 'Non-Status', and other events held under special conditions, subject to previous approval in each case by the Hon. Secretary of the SRA.
- E5 Novice events are open only to scullers classified as Novices under Rule D2.
- E6 Junior events are open to Novices and to scullers classified as Juniors under Rule D3.
- E7 Junior-Senior events are open to Novices and Juniors, and to scullers classified as Junior-Senior under Rule D4 provided that they have had fewer than two aggregate wins in the current year. The latter proviso shall apply only if the event is a status event.
- E8 Senior events are open to any sculler. The five Skiff Championship events are Senior status events.

- E9 Veteran events are open to any Veteran sculler who has not won a Senior status event in the current year. (See the section entitled ‘Veteran Racing’.)
- E E10 Novice Veteran events are open only to scullers classified as Novice Veterans under Rule D8.
- E11 Restricted Veteran events are processional events open to Veteran scullers and crews having an age or combined age above the minimum limits defined in or derived from Rule D7. (See the section entitled ‘Veteran Racing’.)
- E12 Lightweight events are open to scullers classified as Lightweights under Rule D9. The average weight of a doubles crew (excluding coxswain) shall not exceed 70 kg (men), 63.5 kg (mixed), or 57 kg (women). Lightweight competitors shall be weighed wearing their racing kit (Rule C6) before their first race of the regatta.
- E13* Classification under Rules E5, E6, E7, E8 and E10 shall relate to the beginning of a regatta. Changes of classification shall take effect at the end of the day’s racing.
- E14 An organizing committee may transfer to another event of appropriate category a crew whose classification changes between the date of entry and the beginning of the event. If the crew does not wish to accept the transfer, the entry fee shall be refunded.

SECTION F - RACE REGULATIONS

GENERAL

- F1 These Regulations shall be so applied as to ensure that all competitors race under fair conditions, but considerations of safety shall take precedence at all times.
- F2* Each crew shall be assigned a lane or station, which shall be the crew's designated water for the duration of the race.

A boat's proper course shall be defined as that which it must follow from start to finish while remaining on its own water on the prescribed course.

UMPIRES

- F3* Umpires shall be appointed to be responsible for the conduct of each race or for the conduct of a group of races through a section of the course (bank umpiring). A probationary umpire may act as a race or bank umpire if under the supervision of a qualified umpire, but the latter shall have ultimate responsibility for the conduct of the race or part of the race.
- /E\ F4* Starters and aligners may be appointed to start or assist with the start, and they shall be umpires or probationary umpires under supervision, but the race umpire may act as starter.
- /E\ F5* Race and bank umpires, starters, and aligners shall each be provided with a red flag, a white flag and a megaphone (electric if possible) or loud-speaker equipment, and a regatta programme.
- F6* A launch used for umpiring shall be so constructed as to enable the umpire to carry out his duties properly.
- F7* If the race is umpired from the bank, adequate communications between umpires shall be provided. Umpires should also wear distinguishing armbands and be provided with a position from which they can clearly see each race in the portions of the course for which they are responsible, and as far as possible be seen by the competitors. Umpires shall be located at distances that allow any warning to be heard by the competitors whilst under their jurisdiction. A co-ordinating umpire shall be available to overhear all communication between umpires and to be in communication with the judge. All decisions shall be taken by the umpires and shall be given to the judge by the co-ordinating umpire.
- F8* Umpires shall from time to time during the regatta inspect the course or portion of the course for which they are responsible and take appropriate remedial action where necessary.

THE START

- F9* A crew shall be at the start two minutes before the time of the race. The start may take place without reference to absentees. Any crew late arriving at the start and permitted to race may incur a penalty of one Official Warning at the discretion of the umpire and/or starter.
- F10* If there is only one crew in a race, the organizing committee shall decide whether the crew shall be required to scull over the course in a race other than a final.

- F11* The umpire, starter or aligner shall prepare the crews for the start with a minimum of delay. If an aligner is provided he shall indicate that the crews are aligned by raising a white flag.
- F12* When the crews are at their starting positions the starter or umpire shall announce any Official Warnings that may have been given against any crews in the race, including any awarded under Rule F9. He shall then name the crews and tell them how they will be addressed during the race. The starter shall then say 'Get ready', followed by 'Attention', at which time he shall slowly and deliberately raise the red flag and then lower the flag quickly to one side with the command 'Go'. If an aligner is present, the starter shall check that he has the white flag raised before the 'Attention' command is given.
- F13* If the umpire, starter, or aligner considers the start false, he shall recall the crews to the start by saying 'Stop' and waving the red flag. The decision to recall the crews shall be made before they have completed 50 metres of the course. The crew or crews causing the false start, or deliberately sculling on after the race has been stopped, shall be given an Official Warning by the starter or umpire.
- F14* If a crew refuses to start again or incurs two Official Warnings, the umpire shall disqualify it from the event.

THE RACE

- F15* During the race, each boat shall remain on its proper course; it shall not encroach on the courses of other competing boats, nor interfere with them, nor prevent them from following their proper courses. A crew continuing out of its proper course after due warning does so at its peril, and if it derives any advantage from so doing may be disqualified by the umpire.
- F16* The umpire shall be the sole judge of a boat's proper course and shall decide all questions relating thereto.
- F17 The umpire may call the attention of a crew to its steering only if the crew is about to interfere with or foul another crew, or if disqualification is possible under Rule F15, or if there is danger of a collision with a temporary or permanent obstruction on or off the course.
- B\ F18* When the umpire in a launch warns a crew he shall raise a white flag vertically above his head, name the crew, and point the flag at arms length in the direction in which the crew is to move. When the crew has responded, the umpire shall drop the flag smartly to the side out of sight. When an umpire on the bank warns a crew he shall raise a white flag vertically above his head, name the crew, and audibly instruct the crew in which direction it is to move. When the crew has responded, the umpire shall drop the flag smartly to the side out of sight. He shall inform the next umpire of the instructions that he has given. When the umpire stops the race he shall wave a red flag and give the order 'Stop'. When the umpire stops a crew but not the race, he shall raise the white flag vertically, name the crew and give the order 'Stop'. When the umpire warns a crew because of the danger of collision with an obstruction, he shall raise the white flag vertically, name the crew, and announce, 'Obstruction, look ahead'.

- F19 Crews shall be responsible for their own steering and the umpire shall ensure that crews are not followed or paced during the race by other racing boats, nor receive any advice or instructions. No use shall be made of a megaphone, radio equipment or similar apparatus to encourage a crew from outside the boat. A crew receiving any extraneous assistance risks an Official Warning or disqualification, and any following or pacing crew risks the same penalties.
- F20 A foul shall be defined as any collision or contact between boats, sculls or persons in the same race.
- F21 Interference is defined as conduct by a crew that impedes the progress of an opposing crew that is on its proper course. If the umpire detects interference, he shall warn the offending crew, but no crew shall be disqualified for interference unless it has been warned.
- F22* Following a foul or repeated interference, the umpire may:
- (a) Allow the race to continue; for example if the offence, in the opinion of the umpire, will not affect the outcome of the race.
 - (b) Stop the race and restart it, either from the start or the point of stoppage; for example if the offence occurred in neutral water.
 - (c) Disqualify an offending crew and allow the race to continue if more than one crew remains in the race.
 - (d) Stop the race, disqualify an offending crew, and restart the race, either from the start or from the point of stoppage.
 - (e) Determine the finishing order; for example if the offence occurred near the finish line.
 - (f) Adopt a combination of these actions.
- F23* A crew shall abide by its own accidents except where:
- (a) Damage to equipment is sustained within 50 metres of the start, or
 - (b) Damage is sustained by interference from an outside agency.

In such cases the umpire may order the race to be re-sculled. The organizing committee shall decide the time of the re-scul.

THE FINISH

- F24* Judges shall be appointed to decide the order in which boats pass the finish line, and may be required to determine the distance between them. If necessary they may inspect any official photographic records of the finish. There shall be a chief judge who shall be an umpire.
- F25* In the case of a race umpired from a launch, the umpire shall indicate to the judges by raising his white flag when all crews have crossed the finish line that the race is in order and no protest has been lodged. If the race is not in order he shall raise his red flag.

In the case of a bank-umpired race the co-ordinating umpire shall indicate to the judges whether or not the race is in order.

- F26* The judges shall declare the race results. If a red flag has been given, the judges shall pay attention to any declaration of the umpire.
- F27 A crew has completed the course when the bows of the boat cross the finish line. If a competitor, other than a coxswain, falls out of the boat, the crew may still be placed. If a coxswain falls out of the boat, the crew shall be deemed not to have completed the course; the verdict shall be 'Not Sculled Out'.
- F28* If two or more boats cross the finish line simultaneously, the organizing committee shall arrange a re-scutt. If a crew refuses to re-scutt it shall be disqualified.

SECTION G - DISPUTES AND DISCIPLINARY PROCEDURES

GENERAL

- G1 The decision of an umpire shall be final and without appeal. The jurisdiction of an umpire, or group of bank-umpires, shall extend over the whole race including the start and the finish.
- G2 Race committees and umpires may decide at their discretion any cases not covered in these Rules. A report on such cases shall be sent to the Hon. Secretary of the SRA.

PROTESTS

- G3 A crew may make an immediate protest at the end of a race against an umpire's decision. A protest should be signalled to the race umpire, if launch based, by the raising of hands as soon as the crew has passed the finish line, or, failing the umpire, to the chief judge. A protest at a bank-umpired race may be made through the chief judge to the co-ordinating umpire. A protest may be made by an official club representative on behalf of the crew.
- G4 Should an immediate protest to the umpire fail, a further protest may be made to the Race Committee, but appellants should realize that the Race Committee cannot overturn the decision of the race umpire, its powers being limited as described in the Note to Rule C7.
- G5 Any protest not satisfactorily settled between the crew concerned and the regatta, or any protest involving a poor umpiring or regatta decision, shall be referred in writing by the Captain of the club of the protesting crew to the Chairman of the Qualified Umpires Sub-Committee.

MISREPRESENTATION

- G6 No one may compete in an event for which he is not qualified under the Rules of Sections D and E. Anyone found competing in an event for which he is not qualified, or while banned from competition, or competing under a false identity, shall be disqualified from the regatta, together with the crew, or crews, of which he may be a part. The incident shall be reported to the Hon. Secretary of the SRA, and the SRA Committee may take further action under Rule G10. (See also Rules B5 and B11.)

UNSPORTSMANLIKE BEHAVIOUR

- G7 Competitors, crews, groups of club members, or supporters of a club who:
- (a) Wilfully disobey safety instructions (Rule J13), or
 - (b) Refuse to follow the instructions of an umpire or properly appointed official, or
 - (c) Physically or verbally threaten or abuse another competitor, regatta official, helper (including stake boat persons), or members of the public, or
 - (d) Use foul or obscene language in the public hearing, or use foul or obscene gestures in the public view, or
 - (e) Being competitors, misrepresent themselves as in Rule G6, or

(f) Display any other form of misconduct deemed by an official to be 'unsportsmanlike', shall be considered to have engaged in Unsportsmanlike Behaviour, and be subject to disciplinary measures as indicated in Rules G8, G9 and G10.

DISCIPLINARY MEASURES

G8 The disciplinary measures in the jurisdiction of any officiating umpire or the Race Committee are:

- (a) A caution, or
- (b) An Official Warning, or
- (c) Disqualification from the race in which the Rules have been infringed.

G9 The disciplinary measures in the jurisdiction of the Race Committee are:

- (a) A 'public warning', or
- (b) Disqualification of an individual competitor, a crew, or a club from all races at the regatta. (Any prizes already won and presented shall be returned and may be re-awarded to the crew finishing second; no entry fees shall be refunded.)
- (c) If the misconduct is serious enough for the disciplinary measures of (b) above to be imposed, but that action would be ineffective because the regatta is effectively over for the competitor, crew, or club involved, the Race Committee may impose similar measures to be effective at the next following regatta.

G10 The disciplinary measure in the jurisdiction of the SRA Committee is a ban from competition without limit, applicable to individuals or clubs. The Committee shall meet not later than three weeks after the regatta to hear the case, and may consider both written and verbal evidence, the parties concerned representing themselves. The result of the hearing shall be published to all affiliated clubs and to any affiliated regatta that may be affected by any imposed ban.

SECTION H - PROCESSIONAL RACES

- H1 With the exceptions listed below these Rules shall apply as far as practicable to processional races.
- /E\ H2 The following Rules shall not apply to such races:
A3, B8, C2, E13 (second clause), F2 to F16, F18, F22 to F26, and F28.
- H3 The race secretary shall supply the names of the competitors if so requested.
- H4 Rule A3 is modified to allow probationary umpires to act as umpires without being under the supervision of a qualified umpire.
- H5 The organizing committee shall make race regulations in substitution of the Section F regulations listed in Rule H2.

SECTION J - SAFETY REGULATIONS

ORGANIZING COMMITTEES

- J1 No regatta or processional race shall take place without prior consultation between the organizers and the appropriate navigation authority to ensure that the event can take place under conditions that are safe for competitors and the general public alike.
- J2 The racing course, and the navigation channel for other passing river users, must be marked with clearly visible buoys as required by the navigation authority. Notices must be prominently displayed to warn other river users of the event and the actions required of them.
- J3 In processional races, the areas before the start line and beyond the finish line shall be clear of all locks and weirs and give ample room for crews to be marshalled and turn in the former, and to clear the finish line in the latter, without interfering with other crews or with the course of other river users. Hazardous areas such as shallows, under-water obstructions, narrow passages, side channels and areas where other river traffic crosses the course, shall be conspicuously marked, and identified in the competitors' instructions.
- J4 The organizing committee shall be responsible for ensuring that medical and life-saving services, as far as practicable in line with the ARA Water Safety Code, are provided throughout the regatta, both before, during, and after racing periods. It shall ensure that, if considered at risk, any officials and helpers in work boats or launches, and stake-boat persons, particularly if young children, are provided with life jackets or buoyancy aids.
- J5 The organizing committee shall ensure that all competitors and officials are made aware of the circulation pattern to be followed at all times during the period of racing, any regulations regarding marshalling, and practice, warm-up and wind-down areas, and any points of danger on or near the course. They shall also be made aware of the medical support arrangements, the positions of any safety boats and first-aid stations, and the locations of any emergency telephones.
- J6 Notwithstanding any of the regulations in this section, an organizing committee, its officials and helpers shall not be held responsible for any loss, damage or injury suffered by competitors or spectators.

RACE COMMITTEES

- J7 The Race Committee shall monitor water and wind conditions throughout the period of the regatta. If at any time the Race Committee jointly considers that the conditions jeopardise the requirements of safety or of fair racing, they shall stop or suspend racing until such time as safe and fair conditions are restored. If circumstances permit, the Race Committee should consult with the organizing committee, or its representative, before taking action and before resuming racing after an enforced break.

UMPIRES

- J8 It is the primary duty of every umpire, and every other official, to care for the safety of competitors, officials, other water users and the public at large. In particular, umpires should give precedence to the avoidance of collisions in accordance with Rules F17 and F18 and the Notes thereon.
- J9 Processional-race umpires shall give instructions to crews to avert collisions or accidents, and may stop crews for safety reasons. They shall note any breaches of the safety regulations and report such violations to the Race Committee for appropriate penalties.
- J10 The race umpire may, and should, halt racing if safety or fairness is compromised, and should involve the Race Committee as soon as possible (see Rule J7).
- J11 A launch used for umpiring should comply with the characteristics in the Note to Rule F6 and, as far as practicable, be equipped with the recommended safety equipment in line with the ARA Water Safety Code. Umpires and launch drivers must provide their own life jackets or buoyancy aids if they wish to use them.

CREWS

- J12 Crews proceeding to the start, whether in the navigation channel or not, must keep clear of the course and be aware of and leave clear room for the possibility of racing crews straying from the course. Other river users going about their business and pleasure should be given precedence.
- J13 Any crew that violates the declared circulation pattern, or that violates Rule J12 or any other mandatory safety regulation, or that is observed executing a dangerous manoeuvre, may be awarded an Official Warning. This penalty may be awarded by any officiating umpire and should be notified immediately to the start for application in the next race for the crew involved.
- J14 All competitors enter a regatta entirely at their own risk (see also Rule J6), but to minimise the risk they should be in good health and able to swim a minimum distance of 50 metres in light clothing and shoes. Coxswains who may be considered at risk, particularly if young, should wear a life jacket or buoyancy aid.

EXPLANATORY NOTES AND COMMENTS

These notes are issued by the Skiff Racing Association and are to be read in conjunction with the Rules of Racing.

A5 The SRA Committee maintains a five-year regatta calendar on a rolling basis, a copy of which is sent to all affiliated clubs and regattas. If any club or regatta requires changes to its programme, it is essential that the Hon. Secretary be informed of such before the autumn Committee meeting when, to enable adequate publicity to be given, the calendar for the ensuing year is confirmed.

A6 To expedite the approval of a new date, the Committee may empower the Hon. Secretary to give approval if, in his opinion, the new date will not raise any problems.

A8 If an organizing committee decides to impose special conditions, whether connected with qualifications for entry or affecting the conduct of a race, care should be taken to include the particulars both in the entry form and in the programme.

B2 It is advisable to require as a condition of entry that entry fees shall accompany the entry, and that entries by telephone shall be confirmed on the proper entry form by a specified time. Entries by fax or E-mail are acceptable. Action under Rule B5 against competitors failing to comply would be appropriate.

The Rule does not debar composite crews, competing under the titles of their clubs, provided that the entry form is duly completed. The entry in such cases must be made by an officer of one of the clubs concerned. The names of all the clubs must be included in the title under which the crew will race.

/C\ B7 The remaining crew may withdraw if it does not wish to win the event and thus affect the classification of the competitors, but if the crew sculls over the win must be recorded.

B8 This Rule is designed to ensure that clubs have adequate notice of times of racing to enable them to plan accordingly in the interest of competitors.

B10 A coxswain who is not a member of the club or clubs of the remainder of the crew may be used, but the crew then forfeits any right to gain Ormiston points.

C5 Organizing committees should obtain receipts for trophies, specifying the items (such as plinth, lid, cases, keys) which accompany them, and include instructions for their return. The receipts should also include an undertaking by the recipient to be responsible for their safe custody and return, and the name and address for correspondence. An organizing committee may, however, decide to retain its trophies after presentation to the winners.

C6 Article 3 of the SRA Constitution refers.

- C7 The Race Committee shall act as the authority on the application of the Rules of Racing and should be ready to advise on any aspect of the running of the regatta where the Rules have an impact, or where there is any need to consider safety or ‘fair conditions’ for racing. During the regatta, the Race Committee should always be available to any umpire for support and advice, and to receive suggestions for the improvement of the conditions for racing. The Race Committee’s powers include:
- (a) Suspension of racing for safety reasons under Rule J7.
 - (b) Alterations to the course following changes to stream or wind.
 - (c) Action, as the representatives of the organizing committee, of disciplinary measures under Rules G8 and G9.

The race umpire is responsible for the race, and his verdict cannot be overturned. However, in hearing a protest taken to the organizers, the Race Committee may draw the attention of the race umpire to facts, circumstances and consequences of which he may not have been fully aware; the umpire may then reconsider his verdict if he believes this to be appropriate.

- C8 A suitable weighing machine should be provided. It is not necessary to weigh coxswains about whose weight there can be no reasonable doubt.
- D2(b) The sculler shall not have won a Lightweight event, whether in single, double, or mixed-double skiffs.
- D6 In order to assimilate scullers into the new mixed-double classification, the following ruling was made at a Committee meeting held on 8th June 1983.

‘A sculler’s existing doubles status on 1st January 1983 will be the status level that a sculler assimilates into the new mixed-double classification. It is irrelevant whether the sculler has 1 or 2 Junior-Senior wins to his credit, the sculler concerned starts at Junior- Senior level and is entitled to win his full quota of Junior-Senior wins before becoming a Senior.’

STATUS OF SCULLER IN DOUBLES AT 1st JANUARY 1983	NEW MIXED-DOUBLE STATUS AT 1st JANUARY 1983
Senior	Senior
3 Junior-Senior wins	Senior
2 Junior-Senior wins	Junior-Senior
1 Junior-Senior win	Junior-Senior
1 Junior win	Junior-Senior
No Junior wins	Junior

E3 In order to clarify the requirements that may affect a competitor's status classification, the following table shows the sequences, reading from left to right, of wins in qualifying events (Q) and non-qualifying events (N) that may contribute to the requirements of one, two or three aggregate wins. It may be noted that some sequences equate to an effective one third or two thirds aggregate win above the requirement, for example QNQ and QNNQ in the 'Two Wins' column; this is because there is no way of knowing in advance whether the final win in a sequence will be for a qualifying or non-qualifying event. Any such fractional aggregate wins are ignored in the definitions of Sections D and E.

- E9 It is mandatory for the year of birth to be inserted on the entry form.
- F2 The principle behind this Rule is that every competitor should have an equal chance of winning. Allowance may have to be made for unequal stream. A boat is not entitled to leave its own proper course in order to try to deprive an opponent of such advantages as properly belong to that opponent.
- F5 It is desirable than an umpire should provide for his own use a megaphone and two flags, one red and one white, each measuring 16 inches x 12 inches (406mm x 305mm). An umpire should also have available a stop-watch. An umpire should inform the regatta secretary in advance if he requires the regatta to provide any such equipment.
- F6 The intention of this Rule is that the umpire's eye level should be sufficiently high for him to obtain an adequate view of the crews and course, and that he and his flag signals should be easily seen by the competitors. To this end a suitable launch should have support at chest or waist level for the umpire, and be stable, manoeuvrable, adequately fast but of low wash characteristics, and be driven by an experienced driver.
- F8 Before starting his duties, an umpire must thoroughly familiarize himself with the course, obtaining any necessary information about local conditions and instructions issued by the organizing committee. He must ensure that the course continues to provide safe and fair racing on all stations as conditions change.

An umpire should accept the positions of stake-boats 'as found' but should be prepared to notify the organizing committee of any movement of the stake-boats he may notice. In the event of one or more of the stake-boats clearly being out of position the umpire is entitled to refuse to use it and make such 'on-the-spot' arrangements as he may think fit and proper depending on all the circumstances.

- F9 'At the start' means on the stake-boat or on the start-line. Rule F9 should always be applied, but an umpire or starter should satisfy himself that an absent crew is not being delayed by causes outside its control.
- F12 The starter should ensure that any affected crews understand that an Official Warning counts as a false start, and so a false start in the race will eliminate them. He shall ask for an acknowledgement from any crews so named. Official Warnings may be given by umpires or the Race Committee for a variety of infringements of the Rules; an Official Warning from either of these sources shall be taken into account by the starter.

The start shall be given by the 'Get Ready' – 'Attention' – 'Go' sequence given in the Rule. At 'Get Ready', the crews must get ready to race. At this stage crews may indicate that they are not ready by a raised hand from the coxswain, or verbally in the case of a single sculler. If a crew indicates that it is not ready, it is essential that it takes positive action to be ready as quickly as possible. If the starter believes that one or more crews are delaying the start through incompetence or without good reason, or if wind conditions make it too difficult for all crews to achieve simultaneous alignment down the course, he shall indicate his intentions to proceed with the start by the words 'Hands Down', or verbally in the case of single scullers.

If, or when, there is no indication that any crew is not ready, or the starter has indicated his intention to proceed, the starter shall continue with the start. (If there has been a delay, the starter may repeat 'Get Ready' to recall crews' attention to the start procedure.) The starter shall slowly and deliberately raise a red flag, at the same time saying 'Attention'. At this stage, the starter shall be in full control of the start and shall start the race by dropping the flag smartly to the side, at the same time saying 'Go'.

Between 'Attention' and 'Go', crews must be ready to start on the start order; crews shall not be able to delay the start procedure after the 'Attention' instruction is given, and must start when the flag is dropped and the 'Go' is given.

If, after raising the flag and saying 'Attention' the starter is not satisfied that all is well, the red flag shall be lowered slowly and the starter shall say 'As you were'. The start sequence shall then begin again from 'Get Ready'.

There shall be a positive and deliberate pause between 'Attention' and 'Go'. The pause between the raising of the red flag and the start command shall be variable.

F13 A start is 'false' if any boat leaves its starting position before the word 'Go'. It is not 'false' if a boat fails to start when the word is given, unless some unforeseen incident prevents the starting signal from being seen or heard. The point 50 metres from the start should be clearly marked. If both umpire and starter are present, the umpire has the responsibility of giving an Official Warning.

F17 A temporary obstruction on the course may be another boat, an object in the water, or any other item that should not be there including swimmers or animals. In these circumstances the umpire should warn the crew in plenty of time so that the crew may take avoiding action; he may, in this case only, give steering advice to the crew. The umpire also has the option of stopping the race and declaring a verdict, or re-sculling the race from the start or the point of stoppage.

In the case of a similar temporary obstruction off the course, whether legitimately there or not, a crew in danger of collision should be warned to return to the course or, if necessary, stopped. The race would not be stopped.

A permanent obstruction, on or off the course, could be any structure that may provide a risk of damage or injury to boat, equipment or crew, and may include the bank, staging, moored boats or heavy buoys. The umpire should delay warning a crew for as long as possible, consistent with safety, to give the crew every opportunity of recognizing the obstruction itself. But, if the warning is ineffective and a collision seems imminent, the crew should be stopped. In deciding the point at which a crew should be warned, the umpire should bear in mind the experience of the crew involved.

A crew warned or stopped because of obstruction may continue to race after it has corrected its course, unless the race itself has been stopped.

If two boats are converging in 'neutral water', i.e. very close to the line that the umpire judges separates their proper courses, and the umpire considers that there is danger of a foul or interference, he may raise the white flag and name both.

- F18 Instructions to crews given from the bank should be phrased: '..... Club, move to starboard', or '.... Club move to port' as appropriate. If this fails, the umpire may try 'bowside' or 'strokeside', or any other words to achieve the desired effect.
- F19 The umpire should warn any person he detects offending against the intention of this Rule, and if the offence continues he should consider giving the crew concerned an Official Warning or disqualifying it. There is no objection to mere encouragement, but every attempt should be made to stop any apparently pre-arranged method of conveying instructions, especially in steering.
- F21 The distance between boats at which interference can occur must vary according to conditions, and is entirely a matter for the discretion of the umpire.
- F22 In the event of a restart under (b) or (d) being ordered in the early stages of the race, it should take place from the start, otherwise it should take place from the point of stoppage. Care should be taken, in the latter case, to ensure that the boats are in the same relative positions to each other as at the moment of stoppage. If the restart cannot take place immediately because of damage incurred to equipment, the organizing committee shall decide the time and course for a re-scuttle.
- F23 'Outside agency' means an object or incident originating outside the boat, and does not cover breakages or accidents in the boat not resulting from external interference, or incidents for which a competitor is to blame.

All regattas and clubs should have available an adequate complement of spare components, and a boatman or skilled hand to carry out running repairs. It is the responsibility of the organizing committee, and also each crew, to check the boats prior to using them.

- F24 The race finish line should be clearly identified by a finish post at water level on the far bank and a post or sight-line on the judges' side of the river.

It is usual to employ two or more judges for a race, and they consult together before giving their decision. If there is a difference of view between the judges on the finish order or the distance to be declared, the view of the chief judge shall prevail.

The distance by which a boat is declared to have won may be the smallest that can be judged, and a dead heat should be given only when it is impossible to see which boat passed the finish line first.

The judges must take no account of anything that may have happened before the boats pass the finish line, such matters being the responsibility of the starter and umpire.

- F26 A separate enclosure, preferably covered, should be provided for the judges in order that they may confer in private before declaring their verdict.

- F28 It is the responsibility of the organizing committee to decide the time and course for any re-scutt; the umpire's responsibility ceases when he orders the re-scutt. Both dead-heated crews may be passed through to the next round of competition, thus avoiding a re-scutt, if the draw and course can accommodate the situation.
- G8(b) Official Warnings given under Rules F9 and F13 shall apply to the race in which they were incurred. Those given under Rules F19, G7(a) and G7(b) shall apply to all races in the event in which the crews are involved. Those given under Rules G7(c), (d) or (f) shall apply to all races at the regatta in which a crew, an individual competitor or a crew of which he is a part, are involved.
- G9(a) A 'public warning' involves an announcement over the public address system at the regatta of the name of the individual competitor, crew or club involved, and that a repetition of the offence may be treated under Rule G9(b).
- G9(b),(c) In the case of action under these Rules, the chairman of the Race Committee shall send a written report of the incident to the Hon. Secretary of the SRA within three days of the regatta.
- G9(c) Race Committees should be cautious in exercising their powers under this Rule against clubs, owing to the potential loss of income to the regatta concerned.
- G10 This level of action is to be used only for very serious situations, where the individual competitor, crew, or club has attempted to cheat and/or misrepresent, or has exhibited gross misconduct under Rule G7, or has repeated an offence dealt with under Rules G9(b) or G9(c).
The Committee should bear in mind the loss of income to any regatta affected by a ban on a club.
- J6 It is advisable that an organizing committee should state in its programmes and official notices a disclaimer in the following words, or similar:

'While the Committee will take all reasonable precautions to ensure the safety of competitors and spectators, and their property, it does not accept responsibility for any loss, damage or injury to persons or property, however caused.'
- J14 All clubs are advised to carry and maintain adequate comprehensive insurance to cover personal injury to members on and off the water and personal injury and damage to property or third parties.

APPOINTMENT OF UMPIRES

1. The SRA Committee is the body responsible for decisions on all matters concerning umpiring, but each year the Committee shall, from the panel of qualified umpires, select three umpires or more, as the Committee may decide, to form a Qualified Umpires Sub-Committee to advise it on such matters. The Sub-Committee shall choose one of its members to act as Chairman. The Sub-Committee shall make recommendations to the SRA Committee concerning the appointment or disqualification of qualified and probationary umpires, the resolution of complaints and disputes about umpiring, and the recipient of the Most Improved Sculler of the Year Award; it shall also have responsibility for ensuring that a high standard of umpiring is maintained. The Sub-Committee shall present an annual report to the SRA Committee.
2. Persons desirous of qualifying as umpires should in the first instance be recommended to the Chairman of the Sub-Committee by the captains of their clubs. They shall then be required to take a written examination, set by the Sub-Committee, on the SRA Rules of /E\ Racing and the Rules of Veteran Racing, the examination to take place at such location and on such date as the Sub-Committee shall decide. The pass-level mark for this examination shall be set at approximately 80%; those who pass shall, with the approval of the SRA Committee, be graded Probationary Umpire; those who fail may re-take the examination on the next possible occasion.
3. Probationary umpires shall be required to attend a number of regattas and, with the agreement of the regatta organizing committee concerned, undertake official duties under the supervision of a qualified umpire. Such duties may include starting and aligning, judging, bank umpiring, and umpiring from a launch. Organizing committees may themselves appoint probationary umpires as judges (but not as chief judges) and as other officials under Race Regulations F3 and F4. When the Sub-Committee, in consultation with qualified umpires who have acted as supervisors, is satisfied that a probationary umpire has shown the required degree of competence on a sufficient number of occasions, it may recommend to the SRA Committee that he be upgraded to Qualified Umpire.
4. A probationary umpire may umpire, without supervision, events closed to the members of his own club.
5. The appointment of a qualified umpire shall normally last until the umpire reaches the age of 70, but may, at the discretion of the Sub-Committee and the approval of the SRA Committee, be extended, a year at a time, beyond that age. A qualified or probationary umpire may at any time resign his appointment by writing to the Hon. Secretary of the SRA or to the Chairman of the Sub-Committee. The Sub-Committee may recommend to the SRA Committee that the appointment of a qualified or probationary umpire should be terminated if, in the opinion of the Sub-Committee, that umpire is no longer capable of carrying out his duties satisfactorily.
6. Qualified umpires shall be expected to make themselves available for official duties at regattas whenever possible, and all umpires, both qualified and probationary, are expected to be suitably dressed for the occasion; this means wearing a jacket (preferably a blazer) and tie.

7. If, in accordance with Section A3 of the SRA Rules of Racing, the holder of an ARA Umpires Licence is used as an umpire at a skiff regatta, the Sub-Committee shall ensure that the umpire is made aware of the salient differences between the ARA and SRA Rules of Racing.
8. Each year, or at such other interval as the Sub-Committee may decide, a meeting of all qualified and probationary umpires shall be held at which any points relating to umpiring or other matters of general concern may be discussed. Umpires shall be expected to attend all these meetings if possible, but at least one in three.
9. The Hon. Secretary of the SRA shall publish a list containing the names, addresses and telephone numbers of all qualified and probationary umpires, and shall distribute it to all affiliated clubs and regattas and to all qualified and probationary umpires. The Hon. Secretary shall ensure that the published list is at all times up to date.

VETERAN RACING

RULES

1. A Veteran sculler is one who has attained the age of 32 years before the 1st January of the current year.
2. Veteran scullers and crews shall receive a handicap each year based on the sculler's age, or the crew's combined ages, at the 1st January of that year. The handicap to be applied is shown in the following table.

<u>SINGLES</u>		<u>DOUBLES</u>	
<u>AGE</u>	<u>HANDICAP</u>	<u>COMBINED AGES</u>	<u>HANDICAP</u>
32-35	Scratch	64-70	Scratch
36-40	2 seconds	71-75	1 second
41-45	4 seconds	76-80	2 seconds
46-50	6 seconds	81-85	3 seconds
51-55	8 seconds	86-90	4 seconds
56-60	10 seconds	91-95	5 seconds
61-65	12 seconds	96-100	6 seconds
66-70	14 seconds	101-105	7 seconds
71-75	16 seconds	106-110	8 seconds
76-80	18 seconds	111-115	9 seconds
		116-120	10 seconds
		121-125	11 seconds
		126-130	12 seconds

3. A Veteran crew's handicap shall be reduced for every win in non-processional Veteran events and may become negative if the reduction exceeds the age handicap.
 - (a) A single sculler's handicap shall be reduced by 2 seconds for every win in single skiffs, but shall be unaffected by wins in double skiffs.
 - (b) A double crew's handicap shall be reduced by one second for every win by either of its members in double skiffs, but shall be unaffected by wins in single skiffs. The term 'double skiffs' shall include gentlemen's, ladies' and mixed doubles.
4. Scullers and crews with a reduced handicap shall, at the commencement of the next following season, revert to a handicap based only on age.

5. A Veteran Records Recorder shall be appointed each year by the SRA Committee and shall be responsible for keeping a register of Veteran scullers' birth-dates and regatta wins. A Veteran sculler must register with the Recorder his or her birth-date, either directly or by including it on a regatta entry form. Regatta secretaries must apply to the Recorder for Veteran scullers' handicaps, and shall print them in regatta programmes. An unregistered entry, or a regatta entry made without including the birth-date, shall be listed as 'Scratch' less any handicap reduction applicable.
6. A Veteran sculler after having won a Senior status event, whether qualifying or not, and whether in single, double, or mixed-double skiffs, shall not enter a Veteran event for the rest of that season.
7. Veteran events shall be raced over the full course.
- /E\ 8. Novice Veteran events shall be subject to the normal Veteran Rules for handicapping, but the reduction in handicap following a win shall not apply if the sculler enters a normal Veteran event. If a sculler wins a normal Veteran event in a particular category of boat he shall not, for the rest of that season, compete in non-processional Novice Veteran events in the same category of boat.
9. In processional events only, a 'Restricted' classification of Veteran scullers may be used in addition to, or in place of, the 'Open' classification given in Rule 1. To qualify for a Restricted Veteran event in single skiffs, a sculler must have attained the age of 40 years before 1st January of the current year. To qualify for a Restricted Veteran event in double skiffs, both scullers must be Veterans and their combined age must be at least 80 years before 1st January of the current year. Further similar Restricted classifications may be used with the age of a single sculler advancing by increments of 10 years and the combined age of a doubles crew by 20 years. Rule 6 shall apply to all classes of Restricted Veteran events.
- /E\ 10. If, after a dead heat, the race is re-sculled over a part (normally a half) course, the original handicap difference shall be reduced accordingly.
- /E\ 11. The starting and timing procedures for non-processional races shall be as follows:

The starter shall declare the handicaps to be applied and explain the starting method, and ensure that any stakeboat persons know the order of starting. The starter shall then conduct a normal start but at the word 'Go' only the crew(s) with the greatest handicap will start. After the first 'Go' he shall, using a stopwatch, count up the handicap time in whole seconds ending with the word 'Go' when the second crew(s) will start, and continue thus until all crews have started. For example, in a three crew race where the second and third crews have, respectively, a 5 second and 9 second handicap relative to the first crew, the starter shall say 'Go, one, two, three, four, Go, six, seven, eight, Go'. The counting shall be made audible to all crews involved, and the crews remaining at the start after the first 'Go' shall maintain themselves in a state of readiness for subsequent starts. The red flag shall be raised and dropped for each start. In the event of a false start by any crew, the normal 'false start' procedures shall apply except that the 50 metre proviso of Race Regulation F13 shall not apply.

11. continued

The elapsed time of the winning crew shall be the time from the first 'Go' to the finish less any starting handicap applicable to that crew.

INTER-CLUB TEAM RACES

The SRA Inter-Club Team Races comprise four competitions for the following trophies:

- The Lowe Cup for gentlemen's single skiffs
- The Davis Challenge Cup for gentlemen's double skiffs
- The Penny Chuter Cup for ladies' single skiffs
- The Churchill Trophy for ladies' double skiffs

THE LOWE CUP

In 1905 F.S.Lowe presented a cup, of Indian design and workmanship, to be competed for in single skiffs by teams from clubs affiliated to the ARA or the SRA, each team to consist of five men with up to three substitutes. The first event was won by The Skiff Club against the Walton Skiff Club, with F.S.Lowe himself umpiring from a double skiff. But the event was not well supported - in 1906 The Skiff Club was the only entry and sculled over; in 1907, 08 and 09 The Skiff Club beat the Upper Thames Skiff Club, though in 1908 only two members of the latter club put in an appearance, and in 1909 it could only muster a team of three (F.S.Lowe sculled for the UTSC in 1907 and 1909); and in 1910 there was no event, The Skiff Club being the only entry but declining to scull over. In 1911, in order to make it easier for clubs to field a team, the teams were reduced from five scullers to three, but this measure failed to improve matters - The Skiff Club and the Laleham Boating and Punting Club entered, but no scullers from the Laleham club turned up and The Skiff Club sculled over. In 1912 The Skiff Club was only prepared to enter if there was some opposition - there was none, and therefore no event.

In 1913 the event was changed to a Single Sculling Junior-Senior Skiff Championship of the Thames, and allocated by the SRA to Wargrave and Shiplake Regatta; it attracted five entries. In 1914 the event was allocated to Hampton Court and Dittons Regatta but, owing to the outbreak of war, the regatta was cancelled, and the Cup was not raced for during the years 1914 to 1924. In 1925, with the success of the newly-founded Dittons Skiff and Punting Club and the Thames Valley Skiff Club (both founded in 1923), it was found possible to revive the competition as a team event with teams of three, and it has continued in this form since then.

F.S. Lowe, who was Captain of London Rowing Club from 1898 to 1905, was a successful oarsman and keen skiff racer (he won the Doubles Championship with G.Fraser in 1904), and was a strong advocate of the benefits of fixed-seat rowing and sculling. He was very active on the Council of the ARA during the period 1898 to 1904, and was instrumental in obtaining, in 1901, official recognition of the SRA by the ARA; he was the first Chairman of the SRA from its foundation in 1901. He was President of Teddington Reach Regatta and had served on the Committee of Wargrave and Shiplake Regatta; he was a life member and Vice President of The Skiff Club and had been a Vice President of the Upper Thames Skiff Club. During his lifetime he always paid for the medals given as prizes in the Lowe Cup competition, and he left a bequest to finance the continuation of that practice after his death, which occurred in 1955.

THE DAVIS CHALLENGE CUP

In 1935 the Graham Davis Challenge Cup was presented to the SRA, in honour of Graham J. Davis, jointly by the SRA Committee, The Skiff Club, the Thames Valley Skiff Club, the Dittons Skiff and Punting Club, the Wraysbury Skiff and Punting Club, and many of his friends, for an inter-club double-sculling team competition similar to the Lowe Cup competition for single sculling.

Graham J. Davis was one of the founders of the SRA and was its Hon. Secretary for 33 years from its foundation. His racing career started in the 1880s, and he was very successful with his partner R.P.Hawes, with Mrs Davis coxing, despite the fact that the two men averaged only about 9 stone but Davis was a pioneer of style in skiff racing. He was one of the founders of The Skiff Club in 1895, and was the Captain of the club from 1903 to 1913 and again from 1919 to 1920. He was a Vice President of The Skiff Club and of Teddington Reach Regatta, and was the first President of the Dittons Skiff and Punting Club, holding that office from 1923 to 1926. He died in 1939.

THE PENNY CHUTER CUP

In 1976, following the inauguration in that year of the inter-club competitions for ladies in single and double skiffs, Miss P.A.Chuter offered to present a cup for one of these events. The SRA accepted her offer and decided that the cup should be used for the single-sculling event.

Penny Chuter was the outstanding competitor in skiff and punt racing during the years 1957 to 1967; she won 21 skiff championships and 30 punting championships, and also sculled five times for Great Britain in the European Rowing Championships, winning a silver medal in 1962. From 1973 to 1994 Penny was employed by the ARA, holding successively the appointments of National Coach (1973), Senior National Coach (1978), Director of Coaching (1982), Director of International Rowing (1986), and Principal National Coach (1990). She was awarded an OBE in the Queen's Birthday Honours List of 1984 for services to rowing.

THE CHURCHILL TROPHY

In 1971 Mrs Jose M.Wilkins presented a plate to The Skiff Club for a Ladies' Single Punting Club Championship, but in 1972 the club vacated its premises in Kingston, punting within the club ceased, and the trophy was never competed for. In 1977, with the agreement of Mrs Wilkins, The Skiff Club offered the trophy to the SRA for the ladies' double-sculling inter-club team competition. The offer was accepted and the plate suitably engraved, but with a presentation date of 1976 to coincide with the inauguration of the event. Mrs Wilkins wished the trophy to bear her maiden name of Churchill, as that was the name she was known by when she was an active member of The Skiff Club and the Dittons Skiff and Punting Club. She died in 2002.

RULES

The rules of all four competitions are essentially the same, but have changed from time to time in respect of team composition, method of point scoring, order of sculling, allocation of stations, and the award of prize medals. In particular, the early Lowe Cup competitions were not raced in strings, the competitors in each heat being determined by drawing. The present rules were formulated in the light of experience to provide fair competitions, and are the result of an exhaustive analysis of all likely eventualities.

1. Introduction

- 1.1 Each competition is in the nature of a team event, with teams of three single scullers or three doubles crews (each crew must consist of two scullers and a coxswain) representing each club, and is open to clubs affiliated to the SRA or the ARA.
- 1.2 The competitions shall be organized and controlled by the SRA. A three-person Race Committee shall be appointed each year by the SRA and shall determine any matters arising in connection with the racing that may not be covered by these Rules.
- 1.3 The competitions shall be held under the SRA Rules of Racing in so far as they apply.

2. Entrance Fees and Entries

- 2.1 The entrance fees shall be determined each year by the SRA Committee as necessary to cover expenses.
- 2.2 The latest time for receipt of entries shall be determined by the SRA Committee each year. If only one entry is received for a competition, that competition shall be declared null and void.

3. Strings and Substitutes

- 3.1 Each club shall, in its entry, nominate for the approval of the SRA its first, second and third strings, and its substitutes. The strings shall be nominated in decreasing order of assessed speed over the course being used for the event, with the first string being the fastest. The first, second and third strings shall compete respectively against the first, second and third strings of the other clubs. A club may, if it wishes, enter a reduced team of two strings, in which case they shall be nominated as first and second strings.
- 3.2 Prior to the event taking place, the Hon. Secretary of the SRA shall convene a meeting of the SRA Committee and the captains, or their representatives, of the competing clubs. This meeting shall have the power, on a simple majority vote, to alter the order of the strings of any club if its assessment of the relative standards of the strings differs from that as entered. It shall not, however, have the power to alter the composition of any doubles crew as entered.

E\

- 3.3 Each club may nominate as substitutes not more than two scullers and one coxswain for a doubles event, and not more than one sculler for a singles event. A substitute sculler may replace a sculler and a substitute coxswain may replace a coxswain if the replaced sculler or coxswain is incapacitated or absent. A substitute competitor having once raced shall not subsequently be replaced unless he becomes incapacitated or unavoidably absent, in which case he may be replaced by a further nominated substitute if available or by a competitor reinstated under Rule 3.6.
- 3.4 A substitution or reinstatement shall not be made unless the Race Committee agrees, and has been notified not less than 30 minutes before the start time of heat or final.
- 3.5 In the event of one or more substitutions or reinstatements being made, the Race Committee shall review the standard of the changed strings relative to the standard of the strings as entered, and shall determine placement within the team.
- 3.6 In the event of a sculler in a singles race, or any part of a crew in a doubles race, being absent or incapacitated and not replaced, the remaining scullers or crews shall race as entered or as determined by the Race Committee under Rule 3.5. A competitor not participating in one race for either of the above reasons may be reinstated and race later in the event, or act as a substitute. A reinstated sculler in a doubles event may partner any available sculler or substitute.
- 3.7 In exceptional circumstances the Race Committee may, subject to Section C9 of the Rules of Racing, allow a sculler to substitute for a coxswain or vice versa, or otherwise waive any of the above Rules, but only with the agreement of the captains, or their representatives, of all the competing clubs.

4. Boats and Course

Boats shall be provided by the SRA who shall also determine the course over which the race will take place.

5. Order of Sculling and Station Draw

5.1 **In the event that entries are received from two clubs**

The three races between the two clubs shall constitute a final. The stations on which the first-strings shall scull shall be decided by a draw, the stations for the second- and third-strings shall then alternate to give the following pattern:

	<u>Station 1</u>	<u>Station 2</u>
First-String Race	Club A	Club B
Second-String Race	Club B	Club A
Third-String Race	Club A	Club B

5.2 In the event that entries are received from three clubs, when the competition is being held on a three-station course

The three races between the three clubs shall constitute a final. The stations on which the first-strings shall scull shall be decided by a draw, the stations for the second- and third-string races shall then follow this pattern:

	<u>Station 1</u>	<u>Station 2</u>	<u>Station 3</u>
First-String Race	Club A	Club B	Club C
Second-String Race	Club B	Club C	Club A
Third-String Race	Club C	Club A	Club B

5.3 In the event that entries are received from three clubs when the competition is being held on a two-station course

The competition shall comprise nine races, which shall follow the pattern shown below. The clubs and stations for the first race shall be decided by a draw.

	<u>Station 1</u>	<u>Station 2</u>
First-String Race	Club A	Club B
Second-String Race	Club B	Club C
Third-String Race	Club C	Club A
First-String Race	Club B	Club C
Second-String Race	Club C	Club A
Third-String Race	Club A	Club B
First-String Race	Club C	Club A
Second-String Race	Club A	Club B
Third-String Race	Club B	Club C

5.4 In the event that entries are received from four clubs on either a two- or three-station course

Two heats and a final shall be sculled using only two stations, the final being between the winning teams of each heat. The races in the two heats shall follow the alternating pattern given below, the clubs and stations for the first two races being decided by a draw. The race pattern in the final shall be determined by the procedures of Section 5.1.

	<u>Station 1</u>	<u>Station 2</u>
First-String Race	Club A	Club B
First-String Race	Club C	Club D
Second-String Race	Club B	Club A
Second-String Race	Club D	Club C
Third-String Race	Club A	Club B
Third-String Race	Club C	Club D

5.5 In the event that entries are received from five clubs on a two-station course

Two teams selected by a draw, shall race in a preliminary heat in accordance with Section 5.1. The winning team and the remaining three teams shall then race in two further heats and a final in accordance with Section 5.4. It is better if, in the pattern of Section 5.4, the winner of the preliminary heat is either Club C or Club D, rather than Club A or Club B, as this gives the whole team one extra race interval between the preliminary heat and the semi-final.

5.6 In the event that entries are received from five clubs on a three-station course

Two teams, selected by a draw, shall race in a heat in accordance with Section 5.1, and the remaining three teams shall race in another heat in accordance with Section 5.2. The races in the two heats shall follow an alternating pattern similar to that in Section 5.4. The winners of each heat shall then race in a final in accordance with Section 5.1.

5.7 In the event that entries are received from six clubs on a two station course

There are two possibilities:

- (a) Four teams, selected by a draw, shall race in two preliminary heats in accordance with Section 5.4. The two winners shall then race the two remaining teams in two semi-finals, again in accordance with Section 5.4. The two winners of the semi-finals shall then race in a final in accordance with Section 5.1.

This scheme requires a total of 15 races, but the teams in the preliminary heats have a potential maximum of three races whereas the remaining teams have a potential maximum of only two.

- (b) All six teams shall race in three heats following the pattern given below, the clubs and stations for the first three races being decided by a draw. The three winners shall then race in a final in accordance with Section 5.3.

	<u>Station 1</u>	<u>Station 2</u>
First-String Race	Club A	Club B
First-String Race	Club C	Club D
First-String Race	Club E	Club F
Second-String Race	Club B	Club A
Second-String Race	Club D	Club C
Second-String Race	Club F	Club E
Third-String Race	Club A	Club B
Third-String Race	Club C	Club D
Third-String Race	Club E	Club F

E

This scheme is fairer than scheme (a) in that all the heat-winning teams race three times, but it requires 18 races. It is to be preferred to scheme (a) if time is available.

5.8 In the event that entries are received from six clubs on a three-station course

All six teams shall race in two heats following the pattern given below, the clubs and stations for the first two races being decided by a draw. The winners shall then race in a final in accordance with Section 5.1.

	<u>Station 1</u>	<u>Station 2</u>	<u>Station 3</u>
First-String Race	Club A	Club B	Club C
First-String Race	Club D	Club E	Club F
Second-String Race	Club B	Club C	Club A
Second-String Race	Club E	Club F	Club D
Third-String Race	Club C	Club A	Club B
Third-String Race	Club F	Club D	Club E

5.9 In the event that entries are received from more than six clubs, or that more than three stations are available, the SRA Committee shall decide the race pattern for the competition, using a combination or an extension of the patterns given above.

6. Award of Points and Medals

Points shall be awarded as follows:

6.1 When racing two-abreast:

- (a) 3 points to the winner, 1 point to the loser. A crew disqualified or who fails to complete the course, except by reason of circumstances over which it has, in the opinion of the umpire, no control, shall receive no points.
- (b) Crews dead-heating shall receive 3 points each.

6.2 When racing three-abreast:

- (a) 5 points to the winner, 3 points to the second and 1 point to the third. A crew disqualified or who fails to complete the course, except by reason of circumstances over which it has, in the opinion of the umpire, no control, shall receive no points.
- (b) Crews dead-heating for first place shall receive 5 points each, the third crew 1 point. Crews dead-heating in second place shall receive 3 points each. If all three crews dead-heat they shall receive 5 points each.

- 6.3 The winning team in a heat or final shall be the one whose members gain the most points or, in the case of a tie, are adjudged the winners after following the procedures of Section 7. Each member of a winning team or a tying team in a final shall be awarded a medal.

7. Procedures in the case of Ties

- 7.1 In the event of a tie between two or more teams in a heat or final, the following procedures shall be adopted, but, notwithstanding what follows, two teams tying in a heat may, at the discretion of the Race Committee, pass into the final if there is a station available.

7.2 **A Tie between Two Teams Racing Two-Abreast**

Any dead-heats shall be re-sculled. If this does not produce a decision, or if dead-heats are not involved, the winning team shall be adjudged to be the tying team with the higher number of first-string points or, if the first-strings are equal, to be that team with the higher number of second-string points.

7.3 **A Tie between Two Teams out of Three, Racing Three-Abreast**

The points for the two tying teams shall be recalculated as if the third team had not competed, using the point-scoring system of section 6.1 above. If this does not produce a decision, the further procedures of Section 7.1 shall be applied.

7.4 **A Tie between Two Teams out of Three, Racing Two-Abreast (Triangular contest as in Section 5.3)**

The points for the two tying teams shall be recalculated using only the points scored against each other. If this does not produce a decision, the further procedures of Section 7.1 shall be applied.

7.5 **A Tie between Three Teams Racing Two- or Three-Abreast**

Any dead-heats shall be re-sculled, the points awarded being appropriate to the number of crews racing in the original race. If this results in a further tie between three teams, or if dead-heats are not involved, the winning team shall be adjudged to be the team with the highest number of first-string points or, if all first-strings are equal, to be the team with the highest number of second-string points. If re-sculling the dead heats results in a tie between two of the three teams, the further procedures of Sections 7.3 or 7.4 shall be applied as appropriate, except that no further dead-heats shall be re-sculled.

7.6 **Unresolved Ties**

If, after following the above procedures, there should still result a tie between two or more teams in a heat, the procedures must be repeated until a decision is reached, but two tying teams may pass into the final if there is a station available.

If, after following the above procedures, there should still result a tie between two or more teams in a final, the clubs concerned shall hold the challenge trophy equally.

8. Trophies

- 8.1 The challenge trophies, medals and dies are the property of the SRA.
- 8.2 The respective challenge trophy shall be awarded to the captain of the winning team or, in the case of a tie, to the captains of the teams tying. The SRA shall retain the trophy and engrave it with the name(s) of the winning club(s) and, in the case of the Lowe Cup, the names of the winning team(s). The trophy may be borrowed from the SRA on special occasions subject to a written request to the Hon. Secretary, who shall make the appropriate decision.

TINY KNIGHT MEMORIAL BOWL

The trophy was presented in 1953 in honour of Mr A.A. Knight by a group of his friends from all the clubs. Mr Knight was a member of the Dittons Skiff and Punting Club from its founding in 1923 to his death in 1949, was its Captain from 1933 to 1945 and was a member of the Committee of the SRA for 15 years. He stroked the winning crews of the Gentlemen's Double-Sculling Championship races in 1924, 25 and 26, and the winning crew of the Isleworth Skiff Marathon in 1926. His contribution to the welfare of the Club, to the success of its crews, and to the good of the sport was exceptional.

RULES

1. Organization

- (a) The race, for gentlemen's double-sculling skiffs, shall be called the Tiny Knight Race, shall be controlled by the SRA, and shall be organized by a Tiny Knight Sub-Committee appointed each year by the Dittons Skiff and Punting Club.
- (b) The SRA Rules of Racing, in so far as they may be applicable, shall govern the contest, but the Tiny Knight Race Rules shall prevail where there may be conflict.
- (c) The Sub-Committee shall appoint a 3-person Race Committee to act on its behalf on the day of the race. The Race Committee shall determine any matters arising in connection with the racing that may not be covered by these Rules.
- (d) The race shall be held on the first Saturday in May each year or on such other date in the spring as the SRA shall, with the approval of the Dittons Skiff and Punting Club, decide.

2. Entrance Fees and Entries

- (a) The entrance fee shall be determined each year by the Sub-Committee and shall be remitted with each entry.
- (b) The latest time for the receipt of entries shall be decided each year by the Sub-Committee.
- (c) Entries shall be accepted only from gentlemen's crews comprising members of clubs affiliated to the SRA; neither sculler of a crew shall have won a Senior status event or a Senior section in a non-bumping processional event, whether in single or double skiffs, held under SRA rules. A crew need not all be members of the same club.

/D\ 3. Course

The course shall be over a distance of approximately 5,430 metres (3.37 miles) from a point opposite the outflow of the River Mole, downstream via the Surrey side of Raven's Ait, round the downstream end and returning upstream on the Middlesex side to a point opposite the Dittons Skiff and Punting Club; or such other similar course as the SRA, with the approval of the Dittons Skiff and Punting Club, may decide.

4. Boats

- (a) The double skiffs used for the race shall each have a rudder, and bow, centre and stern burden boards, and shall conform to the currently-approved dimensional and constructional requirements of the SRA, but locking stretchers with straps and strung tholes, shall not be obligatory.
- (b) The foregoing requirements shall not preclude the use of skiffs whose leading dimensions may exceed those currently approved by the SRA but which otherwise conform to those requirements.
- (c) Each crew shall include a coxswain who shall weigh, including dead-weight if necessary, not less than 50kg, and who shall steer from the coxswain's thwart. Dead-weight, if carried, shall be placed beneath the coxswain's thwart.

5. Order of Sculling

- (a) If the entry exceeds the number of boats available the crews shall be raced in divisions.
- (b) The order in which the competing crews start shall be decided by ballot, except that the scullers of the winning crew of the previous year, should they enter as a crew, shall have the option of starting first.
- (c) A crew may start only in its allotted division. A maximum penalty of 30 seconds may be imposed on any crew starting out of its balloted position, the amount of the penalty to be decided by the Race Committee.
- (d) Within each division the crews shall be started at intervals of approximately 20 seconds.
- (e) The time taken by each crew to complete the course shall be measured in such manner as the Sub-Committee shall decide, and the crew that completes the course in the shortest time shall, subject to disqualification or time penalty, be declared to be the winning crew.
- (f) In the event of two or more crews returning the same shortest time, the winning crew shall be determined by the toss of a coin or by such other ready means as the Race Committee may decide, and as the crews concerned agree upon.

6. Conduct of Racing

- /D\ (a) Crews must keep to the Surrey half of the river going downstream and to the Middlesex bank returning upstream.
- /D\ (b) Crews being overtaken shall give way, towards Surrey in both directions, to crews overtaking in so far as the course permits. Overtaking is permitted round the turn at Raven's Ait provided that no fouling or interference is caused; crews overlapping at the approach have right of way in order from Middlesex to Surrey. Overtaking is permitted on the return up the Middlesex side of Raven's Ait only if there is no danger of a clash with other river traffic. Failure to observe these requirements shall render the crews concerned liable to disqualification or a time penalty.
- (c) The progress of the competing crews shall be watched by umpires stationed along the course, each of whom shall have the powers of warning and disqualification, or the imposition of a time penalty, according to the SRA Rules of Racing and Rules 6(a) and 6(b).
- (d) An umpire intending to disqualify a crew shall notify that crew immediately, or as soon as practicable afterwards, and shall declare the reason for doing so. Upon being notified of its disqualification, the crew shall pull into the bank clear of other competing crews. In the event of an umpire being unable to notify a disqualified crew during the race, he shall notify the Race Committee at the finish of racing, and the disqualified crew as soon as practicable afterwards.
- (e) If an umpire considers that a time penalty should be imposed, the amount of the penalty shall be decided by the Race Committee in consultation with the umpire.
- (f) Crews infringing any other race Rules shall be liable to incur a time penalty, the amount of the penalty to be decided by the Race Committee.
- (g) Any objections or disputes must be lodged with the Race Committee within 20 minutes of the race finishing.

7. Award of the Trophy

- (a) The Tiny Knight Memorial Bowl shall be awarded to the winning crew each year. The Dittons Skiff and Punting Club shall retain the trophy and engrave it with the names of the winning crew and club(s). The trophy may be borrowed from the Dittons Skiff and Punting Club on special occasions subject to a written request to the Hon. Secretary of that Club, who shall make the appropriate decision.
- (b) In accordance with Section E4(e) of the SRA Rules of Racing, winning the event shall not affect a sculler's status.

8. Custody of the Trophy

In the event of the race being discontinued, the trophy shall be placed in the custody of the Knight family, or the SRA if there are no extant members of the family, until such time as the race may be re-instituted.

NANCY KNIGHT TROPHY

In 1983 the scope of the Tiny Knight Race was widened to include a section for ladies' crews. In 1988 Mr and Mrs R. J. Pembery presented a trophy for the winning crew of the ladies' section, plus a book in which to record the names of the winners, and named it the Nancy Knight Trophy in honour of Mrs Annie Clara ('Nancy') Knight, the wife of 'Tiny' Knight and mother of Mrs Pat Pembery. Nancy Knight, although not an active sculler, had been a much-loved and respected member of the Dittons Skiff and Punting Club almost since its foundation in 1923 until her death in 1987.

RULES

1. The race, for ladies' double-sculling skiffs, shall be called the Nancy Knight Race and shall be organized by the Tiny Knight Race Sub-Committee.
2. The Nancy Knight Trophy shall be awarded to the winning crew each year and the names of the winning crew and club(s) shall be entered in the Nancy Knight winners' book.
3. With appropriate changes of wording to take account of the above facts, the Rules for the Nancy Knight Race are otherwise identical with those for the Tiny Knight Race.

THE WRAYSBURY LONG DISTANCE SCULL

For a number of years the Wraysbury Skiff and Punting Club had organized a long-distance double-sculling race for its members to encourage winter training. In 1984 this race was opened to other clubs and crews under the title of the Wraysbury Long Distance Scull.

RULES

1. Organization

- (a) The race, for double-sculling skiffs, shall be called the Wraysbury Long Distance Scull, shall be controlled by the SRA, and shall be organized by a Wraysbury Long Distance Scull Sub-Committee appointed each year by the Wraysbury Skiff and Punting Club.
- (b) The SRA Rules of Racing, in so far as they may be applicable, shall govern the event, but the Wraysbury Long Distance Scull Rules shall prevail where there may be conflict.
- (c) The Sub-Committee shall appoint a 3-person Race Committee to act on its behalf on the day of the race. The Race Committee shall determine any matters arising in connection with the racing that may not be covered by these Rules.
- (d) The race shall be held on the third Saturday in May each year, or on such other date in the spring as the SRA shall, with the approval of the Wraysbury Skiff and Punting Club, decide.

2. Entrance Fees and Entries

- (a) The entrance fee shall be determined each year by the Sub-Committee and shall be remitted with each entry.
- (b) The latest time for the receipt of entries shall be decided each year by the Sub-Committee.

/E

- (c) Entries shall be accepted from gentlemen's and ladies' crews comprising members of clubs affiliated to the SRA or to the ARA, and from such other gentlemen's and ladies' crews as may be approved by the Sub-Committee. A crew need not all be members of the same club.
- (d) The event shall be divided up into sections selected from the categories of events in the SRA Rules of Racing, Section E. (Veteran crews shall not be subject to handicapping.) A competitor may scull in one section only, but, subject to the Sub-Committee accepting multi-entries, the same competitor may also cox in one or more sections, and subject to the same proviso, a coxswain may cox in any number of sections.

3. Course

(a) The course shall be over a distance of approximately 4,500 metres (2.80 miles), starting from a point downstream of 'The Island', proceeding upstream on the Berkshire side of the river, past the Berkshire side of Pats Croft Eyot, turning above the Eyot, and returning on the Surrey side of the river to the finish, which shall be at the Wraysbury Skiff and Punting Club; or such other similar course as the SRA, with the approval of the Wraysbury Skiff and Punting Club, may decide.

/C\

(b) The two sharp bends in the river just upstream of the Wraysbury Skiff and Punting Club shall be buoyed to separate the Berkshire and Surrey stations. Buoys shall be placed near the downstream and upstream ends of Pats Croft Eyot, the upstream buoy to mark the point above which crews must turn.

(c) At the finish all crews must keep sculling down to a large buoy positioned just clear of the Surrey bank before turning prior to disembarking at the raft.

4. Boats

(a) The double skiffs used for the race shall each have a rudder, and bow, centre and stern burden boards, and shall conform to the currently-approved dimensional and constructional requirements of the SRA, but locking stretchers with straps and strung tholes shall not be obligatory.

(b) The foregoing requirements shall not preclude the use of skiffs whose leading dimensions may exceed those currently approved by the SRA but which otherwise conform to those requirements.

(c) Each crew shall include a coxswain who shall weigh, including dead-weight if necessary, not less than 50kg, and who shall steer from the coxswain's thwart. Dead-weight, if carried, shall be placed beneath the coxswain's thwart.

5. Order of Sculling

(a) If the entry exceeds the number of boats available, the crews shall be raced in divisions, split in order of status whenever possible.

(b) The order in which the competing crews start shall be decided by ballot, except that the scullers of the winning crew of the previous year, should they enter as a crew, shall have the option of starting first.

(c) A crew may start only in its allotted division. A maximum penalty of 30 seconds may be imposed on any crew starting out of its balloted position, the amount of the penalty to be decided by the Race Committee.

(d) Within each division the crews shall be started at intervals of approximately 20 seconds.

- /G\ (e) The time taken by each crew to complete the course shall be measured in such manner as the Sub-Committee shall decide. The gentlemen's crew or crews that complete the course in the shortest time overall, or the shortest time in a section, shall, subject to disqualification or time penalty, be declared to be the winning crew or crews of the gentlemen's event or the section respectively. Similarly for the winning crew or crews of the ladies' event or section. But no section shall be recognized in which fewer than two crews enter.

6. Conduct of Racing

- (a) Crews passing any course buoy on the wrong side or otherwise departing from their correct station shall be liable to disqualification or a time penalty.
- (b) Crews being overtaken while proceeding upstream shall give way towards the centre of the river to crews overtaking, or to the Surrey bank while proceeding downstream, in so far as the course permits. There shall be no overtaking in the short stretch of backwater behind Pats Croft Eyot between the buoys marking the downstream and upstream limits of the Eyot. Failure to observe these requirements shall render the crews concerned liable to disqualification or a time penalty.
- (c) The progress of competing crews shall be watched by umpires stationed along the course, each of whom shall have the powers of warning and disqualification, or the imposition of a time penalty, according to the SRA Rules of Racing and Rules 6(a) and 6 (b).
- (d) An umpire intending to disqualify a crew shall notify that crew immediately, or as soon as practicable afterwards, and shall declare the reason for doing so. Upon being notified of its disqualification the crew shall pull into the bank clear of the other competing crews. In the event of an umpire being unable to notify a disqualified crew during the race, he shall notify the Race Committee at the finish of racing, and the disqualified crew as soon as practicable afterwards.
- (e) If an umpire considers that a time penalty should be imposed, the amount of the penalty shall be decided by the Race Committee in conjunction with the umpire.
- (f) Crews infringing any other race Rules shall be liable to incur a time penalty, the amount of the penalty to be decided by the Race Committee.
- (g) Any objections or disputes must be lodged with the Race Committee within 20 minutes of the race finishing.

7. Award of Prizes

- /G\ (a) Prizes may be presented to the winners of the gentlemen's and the ladies' events, and to the winners of sections in which a minimum of three crews, or at the discretion of the organizers two crews, have entered, but the event winner may not also receive a prize as a section winner.
- (b) In accordance with Section E4(e) of the SRA Rules of Racing, winning the event or a section shall not affect a sculler's status.

SINGLE SKIFF MARATHON

JACK ROSEWELL MEMORIAL TROPHY

The event was inaugurated in 1976 by the SRA Committee and is named the Jack Rosewell Singles Marathon as tribute to Jack Rosewell who organized the Doubles Marathon on behalf of the SRA for 20 years. Mr V.A.C. Wood donated a trophy which was named the JACK ROSEWELL MEMORIAL TROPHY for the SINGLE SKIFF MARATHON.

In 1983 Mrs M.L. Birch presented a trophy named the Gerald V. Birch Memorial Trophy in memory of Gerald Birch, who was President of Thames Valley Skiff Club from 1978 to 1982 and who died in office. The trophy is awarded annually to the fastest lady sculler in the Single Skiff Marathon.

RULES

1. Organization

- (a) The race, for single-sculling skiffs, shall be controlled by the SRA and shall be organized by a Marathon Sub-Committee with local river knowledge appointed each year by the SRA.
- (b) The SRA Rules of Racing, in so far as they may be applicable, shall govern the event, but the Marathon rules shall prevail where there may be conflict.
- (c) The Sub-Committee shall appoint a 3-person Race Committee to act on its behalf on the day of the race. The Race Committee shall determine any matters arising in connection with the racing that may not be covered by these Rules.
- (d) The race shall take place annually upon such date and such time as the SRA shall decide.

2. Entrance Fees and Entries

- (a) The entrance fee shall be determined each year by the SRA and shall be remitted with each entry.
- (b) The latest time for the receipt of entries shall be determined each year by the Sub-Committee.
- (c) Entries shall be accepted from gentlemen or lady scullers who are members of clubs affiliated to the SRA or to the ARA, and from such other scullers as may be approved by the Sub-Committee.

- (d) The event shall be divided up into sections selected from the categories of events in the SRA Rules of Racing, Section E. (Veteran scullers shall not be subject to handicapping.)

A competitor may scull in one section only.

3. Course

The course shall be over a distance of approximately 6,100 metres (3.79 miles), starting at the Thames Valley Skiff Club, proceeding upstream via the Desborough Channel, downstream via the old river past Shepperton Point and Lower Halliford, and finishing at the Thames Valley Skiff Club; or such other similar course as the SRA may decide.

4. Boats

- (a) The single skiffs used for the race shall each have bow, centre and stern burden boards and shall conform to the currently-approved dimensional and constructional requirements of the SRA, but locking stretchers with straps, and strung tholes shall not be obligatory.
- (b) The foregoing requirements shall not preclude the use of skiffs whose leading dimensions may exceed those currently approved by the SRA but which otherwise conform to those requirements.

5. Order of Sculling

- (a) If the entry exceeds the number of boats available the scullers shall be raced in divisions, split in order of status whenever possible.
- (b) The order in which the competing scullers start shall be decided by ballot, except that the winning sculler of the previous year, should he enter, shall have the option of starting first.
- (c) A sculler may start only in his allotted division. A maximum penalty of 30 seconds may be imposed on any sculler starting out of his balloted position, the amount of the penalty to be decided by the Race Committee.
- (d) Within each division the scullers shall be started at intervals of approximately 20 seconds.
- (e) The time taken by each sculler to complete the course shall be measured in such manner as the Sub-Committee shall decide, and the sculler or scullers who complete the course in the shortest time overall, or the shortest time within a section, shall, subject to disqualification or time penalty, be declared to be the winning sculler or scullers of the event or the section respectively, but no section shall be recognized in which fewer than two scullers enter. The Gerald Birch Memorial Trophy shall not be awarded if fewer than two lady scullers start.

6. Conduct of Racing

- /E\
- (a) Scullers being overtaken while proceeding upstream shall give way towards the centre of the river to scullers overtaking, or to either bank while proceeding downstream, in so far as the course permits. Failure to observe these requirements shall render the scullers concerned liable to disqualification or a time penalty.
 - (b) The progress of competing scullers shall be watched by umpires stationed along the course, each of whom shall have the powers of warning and disqualification, or the imposition of a time penalty, according to the SRA Rules of Racing and Rule 6(a).
 - (c) An umpire intending to disqualify a sculler shall notify that sculler immediately, or as soon as practicable afterwards, and shall declare the reason for doing so. Upon being notified of his disqualification, the sculler shall pull into the bank clear of other competing scullers. In the event of an umpire being unable to notify a disqualified sculler during the race, he shall notify the Race Committee at the finish of racing, and the disqualified sculler as soon as practicable afterwards.
 - (d) If an umpire considers that a time penalty should be imposed, the amount of the penalty shall be decided by the Race Committee in consultation with the umpire.
 - (e) Scullers infringing any other race Rules shall be liable to incur a time penalty, the amount of the penalty to be decided by the Race Committee.
 - (f) Any objections or disputes must be lodged with the Race Committee within 20 minutes of the race finishing.

7. Award of the Trophy

- (a) The Jack Rosewell Memorial Trophy shall be awarded to the winning sculler or scullers each year, and the Gerald Birch Memorial Trophy shall be awarded to the fastest lady sculler or scullers each year. The SRA shall retain the trophies and engrave them with the names of the winning sculler(s) and club(s). The trophies may be borrowed from the SRA on special occasions subject to a written request to the Hon. Secretary, who shall make the appropriate decision.
- /E\
- (b) Prizes may be presented to the winner(s) of the event, and to the winners of sections in which a minimum of three scullers, or at the discretion of the organizers two scullers, have entered, but the event winner may not also receive a prize as a section winner.
 - (c) In accordance with Section E4(e) of the SRA Rules of Racing, winning the event or a section shall not affect a sculler's status.

DOUBLE SKIFF MARATHON

HELDMANN TROPHY

In 1909 two long-distance races in double skiffs were instituted, which together became known as the Isleworth Skiff Marathon. One race, under ARA and SRA rules, was for amateurs, who competed for a cup presented by Mr H. Heldmann, J.P. of Isleworth; the other race, under NARA rules, was for non-amateurs, who competed for a cup presented by Messrs E. and J.L. Beck; both races took place on the same day and at approximately the same time. In 1909 the amateur event was restricted to competitors residing below Teddington Lock, but this restriction was lifted in 1910. No lady coxswains were permitted. Boats, and sculls if the competitors wished, were provided by the Committee, but a dimensional restriction on the boats precluded the use of racing skiffs, though this restriction was removed in 1928.

From 1909 until 1913 the course was from St Margaret's Boathouse, just below Richmond Lock, to Putney Bridge, turning round any pier of the bridge, and back to the start, a distance of a little over 16 miles; the average winning time for this course was 2 hours 36 minutes. The races lapsed during the First World War, and when they were revived in 1921 the course was shortened to St Margaret's Boathouse to Barnes Bridge and back, a distance of about 9 miles; the average winning time for this course was 1 hour 19 minutes. In 1928 the course was changed to Putney Bridge to St Margaret's Boathouse, a distance of just over 8 miles; the average winning time was 1 hour 2 minutes and the record time was 49 minutes 54 seconds, though the records for this course are sparse.

The competitions lapsed during the Second World War and were not revived afterwards. In 1955 the SRA was notified that the Heldmann Cup was in the custody of Quintin Boat Club who proposed to hand it over to the SRA who would be expected to be responsible for its safety and for the future conduct of the racing. The SRA approved the proposal and in 1956 revived the race over the 4¹/₂ mile course given in the Rules, the racing time being approximately 40 minutes.

In 1978 Miss Elizabeth Walch of The Skiff Club, a winner of nine Skiff Championships, presented a trophy, known as the Liz Walch Trophy, to be awarded annually to the fastest ladies' crew in the Double Skiff Marathon.

RULES

1. Organization

- (a) The race, for double-sculling skiffs, shall be controlled by the SRA and shall be organized by a Marathon Sub-Committee with local river knowledge, appointed each year by the SRA.
- (b) The SRA Rules of Racing, in so far as they may be applicable, shall govern the event, but the Marathon Rules shall prevail where there may be conflict.

- (c) The Sub-Committee shall appoint a 3-person Race Committee to act on its behalf on the day of the race. The Race Committee shall determine any matters arising in connection with the racing that may not be covered by these Rules.
- (c) The race shall take place annually upon such date and at such time as the SRA shall decide.

2. Entrance Fee and Entries

- (a) The entrance fee shall be determined each year by the SRA and shall be remitted with each entry.
- (b) The latest time for the receipt of entries shall be decided each year by the Sub-Committee.
- (c) Entries shall be accepted from gentlemen's and ladies' crews comprising members /E/ of clubs affiliated to the SRA or to the ARA, and from such other gentlemen's and ladies' crews as may be approved by the Sub-Committee. A crew need not all be members of the same club.
- (d) The event shall be divided up into sections selected from the categories of events in the SRA Rules of Racing, Section E. (Veteran scullers shall not be subject to handicapping.) A competitor may scull in one section only, but, subject to the Sub-Committee accepting multi-entries, the same competitor may also cox in one or more other sections, and, subject to the same proviso, a coxswain may cox in any number of sections.

3. Course

The course shall be over a distance of approximately 7,250 meters (4.50 miles), starting from the upstream end of Sunbury Lock Cut, proceeding upstream via the Desborough Channel, downstream via the old river past Shepperton Point and Lower Halliford, and finishing at the Thames Valley Skiff Club; or such other similar course as the SRA may decide.

4. Boats

- (a) The double skiffs used for the race shall each have a rudder, and bow, centre, and stern burden boards, and shall conform to the currently-approved dimensional and constructional requirements of the SRA, but locking stretchers with straps, and strung tholes, shall not be obligatory.
- (b) The foregoing requirements shall not preclude the use of skiffs whose leading dimensions may exceed those currently approved by the SRA but which otherwise conform to those requirements.
- (c) Each crew shall include a coxswain who shall weigh, including dead-weight if necessary, not less than 50 kg, and who shall steer from the coxswain's thwart. Dead-weight, if carried, shall be placed beneath the coxswain's thwart.

5. Order of Sculling

- (a) If the entry exceeds the number of boats available the crews shall be raced in divisions, split in order of status whenever possible.
- (b) The order in which the competing crews start shall be decided by ballot, except that the scullers of the winning crew of the previous year, should they enter as a crew, shall have the option of starting first.
- (c) A crew may start only in its allotted division. A maximum penalty of 30 seconds may be imposed on any crew starting out of its balloted position, the amount of the penalty to be decided by the Race Committee.
- (d) Within each division the crews shall be started at intervals of approximately 20 seconds.
- (e) The time taken by each crew to complete the course shall be measured in such manner as the Sub-Committee shall decide, and the crew or crews that complete the course in the shortest time overall, or the shortest time within a section, shall, subject to disqualification or time penalty, be declared to be the winning crew or crews of the event or the section respectively, but no section shall be recognized in which fewer than two crews enter. The Liz Walch Trophy shall not be awarded if fewer than two ladies' crews start.

6. Conduct of Racing

/E\

- (a) Crews being overtaken while proceeding upstream shall give way towards the centre of the river to crews overtaking, or to either bank while proceeding downstream, in so far as the course permits. Failure to observe these requirements shall render the crews concerned liable to disqualification or a time penalty.
- (b) The progress of the competing crews shall be watched by umpires stationed along the course, each of whom shall have the powers of warning and disqualification, or the imposition of a time penalty, according to the SRA Rules of Racing and Rule 6(a).
- (c) An umpire intending to disqualify a crew shall notify that crew immediately, or as soon as practicable afterwards, and shall declare the reason for doing so. Upon being notified of its disqualification, the crew shall pull into the bank clear of other competing crews. In the event of an umpire being unable to notify a disqualified crew during the race, he shall notify the Race Committee at the finish of racing, and the disqualified crew as soon as practicable afterwards.
- (d) If an umpire considers that a time penalty should be imposed, the amount of the penalty shall be decided by the Race Committee in consultation with the umpire.
- (e) Crews infringing any other race Rules shall be liable to incur a time penalty, the amount of the penalty to be decided by the Race Committee.

- (f) Any objections or disputes must be lodged with the Race Committee within 20 minutes of the race finishing.

7. Award of the Trophy

- (a) The Heldmann Trophy shall be awarded to the winning crew or crews each year, and the Liz Walch Trophy shall be awarded to the fastest ladies' crew or crews each year. The SRA shall retain the trophies and engrave them with the names of the winning crew(s) and club(s). The trophies may be borrowed from the SRA on special occasions subject to a written request to the Hon. Secretary, who shall make the appropriate decision.

E

- (b) Prizes may be presented to the winner(s) of the event, and to the winners of sections in which a minimum of three crews, or at the discretion of the organizers two crews, have entered, but the event winner may not also receive a prize as a section winner.
- (c) In accordance with Section E4(e) of the SRA Rules of Racing, winning the event or a section shall not affect a sculler's status.

MIXED-DOUBLE SKIFF MARATHON

At a committee meeting in December 1994, the SRA agreed that a long-distance event for mixed crews, to be held in the early part of the season, would be a good addition to the racing calendar. The Skiff Club offered to stage this event, and the first Mixed-Double Skiff Marathon was held in May 1995.

RULES

1. Organization

- (a) The race, for double-sculling skiffs with mixed crews, shall be controlled by the SRA and shall be organized by a Marathon Sub-Committee appointed each year by The Skiff Club.
- (b) The SRA Rules of Racing, in so far as they may be applicable, shall govern the event, but the Marathon Rules shall prevail where there may be conflict.
- (c) The Sub-Committee shall appoint a 3-person Race Committee to act on its behalf on the day of the race. The Race Committee shall determine any matters arising in connection with the racing that may not be covered by these Rules.
- (d) The race shall take place on the second Sunday in May each year, or on such other date in the spring as the SRA shall, with the approval of The Skiff Club, decide.

2. Entrance Fees and Entries

- (a) The entrance fee shall be determined each year by the Sub-Committee and shall be remitted with each entry.
- (b) The latest time for the receipt of entries shall be decided each year by the Sub-Committee.

/E\

- (c) Entries shall be accepted from mixed crews comprising of members of clubs affiliated to the SRA or to the ARA, and from such other mixed crews as may be approved by the Sub-Committee. A crew need not all be members of the same club.
- (d) The event shall be divided up into sections selected from the categories of events in the SRA Rules of Racing, Section E. (Veteran crews shall not be subject to handicapping.) A competitor may scull in one section only, but, subject to the Sub-Committee accepting multi-entries, the same competitor may also cox in one or more other sections, and, subject to the same proviso, a coxswain may cox in any number of sections.

3. Course

The course shall be over a distance of approximately 6070 metres (3.77 miles), starting at the Royal Canoe Club landing stage, proceeding up the Middlesex side of the river past Raven's Ait, turning above the Ait, and returning via the Surrey side of the river to the finish, which shall be at the Royal Canoe Club landing stage; or such other course as the SRA, with the approval of The Skiff Club, may decide.

4. Boats

- (a) The double skiffs used for the race shall each have a rudder, and bow, centre, and stern burden boards, and shall conform to the currently-approved dimensional and constructional requirements of the SRA, but locking stretchers with straps, and strung tholes, shall not be obligatory.
- (b) The foregoing requirements shall not preclude the use of skiffs whose leading dimensions may exceed those currently approved by the SRA but which otherwise conform to those requirements.
- (c) Each crew shall include a coxswain who shall weigh, including dead-weight if necessary, not less than 50kg, and who shall steer from the coxswain's thwart. Dead-weight, if carried, shall be placed beneath the coxswain's thwart.

5. Order of Sculling

- (a) If the entry exceeds the number of boats available the crews shall be raced in divisions, split in order of status whenever possible.
- (b) The order in which the competing crews start shall be decided by ballot, except that the scullers of the winning crew of the previous year, should they enter as a crew, shall have the option of starting first.
- (c) A crew may start only in its allotted division. A maximum penalty of 30 seconds may be imposed on any crew starting out of its balloted position, the penalty to be decided by the Race Committee.
- (d) Within each division the crews shall be started at intervals of approximately 20 seconds.
- (e) The time taken by each crew to complete the course shall be measured in such manner as the Sub-Committee shall decide, and the crew or crews that complete the course in the shortest time overall, or the shortest time within a section, shall, subject to disqualifications or time penalty, be declared to be the winning crew or crews of the event or the section respectively, but no section shall be recognised in which fewer than two crews enter.

6. Conduct of Racing

- (a) Crews must keep to the Middlesex bank going upstream, passing through the inside arch of the railway bridge (one crew at a time), the arch to the right of centre of Kingston Bridge, and turning round the upstream end of Raven's Ait. Crews must keep to the Surrey half of the river going downstream, passing through either of the arches to the right of centre of Kingston Bridge, the centre or right-hand arch of the railway bridge, and to the Middlesex side of Steven's Eyot. Crews departing from this course shall be liable to disqualification or a time penalty.
- (b) Crews being overtaken must give way towards Surrey in both directions. Overtaking is not permitted going upstream through the railway bridge (see Rule 6(a)); crews overlapping at the approach have right of way in order of arrival or, if level, in order from Middlesex to Surrey. Overtaking is permitted on the Middlesex side of Raven's Ait only if there is no danger of a clash with other river traffic. Overtaking is permitted round the turn at Raven's Ait provided that no fouling or interference is caused; crews overlapping at the approach have right of way in order from Surrey to Middlesex. Failure to observe these requirements shall render the crews concerned liable to disqualification or a time penalty.
- (c) The progress of the competing crews shall be watched by umpires stationed along the course, each of whom shall have the powers of warning and disqualification, or the imposition of a time penalty, according to the SRA Rules of Racing and Rules 6(a) and 6(b).
- (d) An umpire intending to disqualify a crew shall notify that crew immediately, or as soon as practicable afterwards, and shall declare the reason for doing so. Upon being notified of its disqualification, the crew shall pull into the bank clear of other competing crews. In the event of an umpire being unable to notify a disqualified crew during the race, he shall notify the Race Committee at the finish of racing, and the disqualified crew as soon as practicable afterwards.
- (e) If an umpire considers that a time penalty should be imposed, the amount of the penalty shall be decided by the Race Committee in consultation with the umpire.
- (f) Crews infringing any other race Rules shall be liable to incur a time penalty, the amount of the penalty to be decided by the Race Committee.
- (g) Any objections or disputes must be lodged with the Race Committee within 20 minutes of the race finishing.

7. Award of Prizes

E\

- (a) Prizes may be presented to the winner(s) of the event, and to the winners of sections in which a minimum of three crews, or at the discretion of the organizers two crews, have entered, but the event winner may not also receive a prize as a section winner.
- (b) In accordance with Section E4(e) of the SRA Rules of Racing, winning the event or a section shall not affect a sculler's status.

ORMISTON MEMORIAL TROPHY

This award was founded in 1959 in honour of V.R. (Rex) Ormiston, for 50 years a member of the Committee of the SRA, and its first President (in 1957). The trophy was first awarded in 1960.

RULES

1. The trophy shall be in the nature of an inter-club Victor Ludorum award for which points shall be awarded to the winning crew of certain events.
3. Clubs affiliated to the SRA shall be eligible for award of the trophy.
3. To qualify for points the scullers of the winning crew shall either be members of the same club, or they may be from different clubs (composite crews) provided that the coxswain is a member of one of the sculler's clubs.
4. The following events have one point awarded to the club of the winning crew, or half a point to each club of a winning composite crew.
 - 4.1 Status single- or double-sculling skiff events (i.e. those events in categories E5, E6, E7 and E8 of the SRA Rules of Racing), whether qualifying or not, which form part of the advertised programme of any SRA-affiliated regatta or any regatta organized by an SRA-affiliated club, and raced under SRA rules.
 - (a) Where an event is divided into two or more divisions and two or more prizes are awarded, then one point shall accrue to the winner of each division.
 - (b) A crew sculling over in a final shall be awarded a point. In the case of a Skiff Championship event being staged with only one entrant, the participating crew shall not qualify for points.
 - 4.2 Each section, categorized by E5, E6, E7 and E8 of the SRA Rules of Racing, in non-bumping processional races held with the approval of the SRA and raced under SRA rules, provided that a minimum of two crews enter that section. If there is only one crew in a section, that crew may still be awarded a point if it is the overall winner of the event.
 - 4.3 The Tiny Knight Race and the Nancy Knight Race, provided that a minimum of two crews enter each event.
 - 4.4 In the case of a dead heat (i.e. two or more crews returning the same time) in a section of a non-bumping processional event, or, exceptionally, an unresolved dead heat in a status event, the winning clubs shall each accrue one point, or half a point if the crew is composite. This rule also applies to the Tiny & Nancy Knight races, which have their own methods of resolving dead heats.

/F\

5. An additional bonus point, or half a point in the case of winning composite crews, shall be awarded to each winning club of the five Skiff Championship events, other than those excluded from points under rule 4.1(b).
6. An Ormiston Points Recorder shall be appointed each year by the SRA Committee and shall be responsible for keeping a register of the points awarded to each club. In the event of a dispute in respect of the points awarded, the Chairman of the SRA Committee and the Hon. Secretary of the SRA shall resolve the dispute, their joint decision being final.
7. The trophy shall be awarded each year to the club gaining most points. In the event of a tie, through two or more clubs gaining the same number of points, then the clubs concerned shall be declared the joint winners of the trophy.
8. The trophy shall be awarded to the winning club(s) immediately after the last SRA event of the season. The SRA shall retain the trophy and engrave it with the name(s) of the winning club(s). The trophy may be borrowed from the association on special occasions subject to a written request to the Hon. Secretary, who shall make the appropriate decision.

MOST IMPROVED SCULLER OF THE YEAR AWARD

This award was inaugurated in 1973 by the SRA Committee in an effort to encourage a higher standard of sculling. It is presented annually to that sculler, male or female, who, in the opinion of the Committee, has shown the greatest improvement during the current season. Although the award is intended primarily for less-experienced scullers, scullers of any status are eligible, the emphasis being on the word 'improved'.

RULES

1. The criteria that shall be used in assessing a candidate for the award shall include:
 - (a) The sculler's experience and success prior to the current season.
 - (b) The number of wins and other high placings in races during the current season.
 - (c) The determination and general conduct shown during racing.
 - (d) Any other relevant facts, for example, a physical disability.
2. The Hon. Secretary of the SRA shall, at the end of the season, invite the captain of each affiliated club to nominate any suitable candidates for the award from that club, and supply details on which the nominations are based. It is not obligatory to make a nomination if the captain considers that no sculler satisfies the conditions of the award.
3. The nominations from the affiliated clubs, and any others that may be received, shall be considered by the SRA Qualified Umpires Sub-Committee, who shall select the sculler or scullers, if any, who, in their opinion, most merit the award. They may, if they wish, elicit the opinions of other Qualified Umpires who may have had experience of umpiring races in which the scullers were involved.
4. The winner of the award shall be decided by the SRA Committee on the basis of the recommendations of the Qualified Umpires Sub-Committee, but no award need be made if it is considered that there is no candidate that merits it.
5. The award, an engraved tankard, or such other prize as the SRA Committee may decide on, shall be presented to the winner on the first suitable occasion.
- E 6. There is no bar to a sculler winning the award more than once.

CONSTRUCTION AND DIMENSIONS OF RACING SKIFFS AND SCULLS

1. Introduction

In June 1965 the SRA appointed a Sub-Committee to record the leading dimensions of the affiliated clubs' racing skiffs and sculls in current use and to make recommendations for standardizing their dimensions and form of construction. The Sub-Committee made a final report in March 1968 as a result of which the SRA approved a set of dimensions to which all new-construction skiffs and sculls should adhere; these dimensions are here referred to as 'mandatory dimensions'. In 1996 some further dimensions were added, but only as recommendations, and are hence here referred to as 'recommended dimensions'.

2. Construction of Skiffs (Figures 1 and 2)

Single and double skiffs approved by the SRA for use in regattas shall be of wooden, clinker-built construction with a minimum of six strakes each side excluding the gunwale. They shall have a keel protected by a metal keelband, and it is usual to fit a rubbing strake, with or without a protecting metal band, to the junction of the second and third strakes away from the keel. They shall each carry fore, centre, and aft burden boards. All skiffs shall be propelled by sculls working between fixed, strung tholes, each thole to present a half-circle profile in section to the scull and a straight vertical profile (Figure 3); and there shall be a brass sill between tholes to protect the gunwale. Each sculler is to be seated on a fixed thwart and is to be provided with a locking stretcher with toe-straps, the stretcher to be adjustable in a fore-and-aft direction (Figure 4). Double skiffs shall carry a coxswain, seated on a fixed thwart, who shall steer the skiff by means of a rudder pivoted at the sternpost.

3. Dimensions of Skiffs

Table 1A gives the mandatory and recommended dimensions of single and double skiffs in imperial measure. In Table 1B the same information is given in metric units. The important recommended dimensions concern the stretcher and its adjustment.

4. Construction of Sculls (Figures 5 and 6)

There is no restriction on the material used for sculls, though they are normally of wood with either a tubular or girder construction. Each scull must have a protective leather or plastic sleeve over that part of the loom in contact with the tholes, and on which shall be attached an angled button, normally built up from layers of leather. This part of the scull must include a 'flat' parallel with the blade and on the same side as the convex face of it, i.e. the 'flat' must be in contact with the working thole during the stroke and in contact with the sill during feathering. It is normal to fit a rubber grip over the handle of the loom.

5. Dimensions of Sculls

The mandatory and recommended dimensions of bow and stroke sculls are given in Table 2A in imperial measure, with the same information in Table 2B in metric units. The mandatory dimensions concern the cross-section at the button (Figure 6), which must work within the thole dimensions. There is some scope for variation in the recommended dimensions (Figure 5), particularly in the outboard dimension and the dimensions and shape of the blade, but there is little scope for variation in the inboard dimension if the overlap is to be kept within reasonable limits; the overlap tolerance includes the tolerances of the inboard length and the distance between the sills. The recommended dimensions are typical of the sculls in current use. The tables also give the outboard/inboard ratio or gearing of the sculls based on the recommended dimensions; it can be seen that the bow sculls have a slightly harder gearing than the stroke sculls.

TABLE 1A - SKIFF DIMENSIONS (FIGURES 1 TO 4) - IMPERIAL UNITS

CODE	DIMENSIONAL DESCRIPTION	DIMENSION	TOLERANCE
	<u>MANDATORY DIMENSIONS</u>		
A	Overall length - Singles - Doubles	23' 10" 25' 10"	± 1½" ± 1½"
B	Stem to bow working thole - Singles - Doubles	13' 6" 10' 6½"	± 1" ± 1"
C	Bow working thole to stroke working thole - (Doubles)	4' 0"	± ½"
D	Working thole to aft of thwart (all positions)	12½"	± ⅜"
E	Stroke working thole to forward edge of coxswain's thwart - (Doubles)	3' 11"	± ½"
F	Width between sills - Singles and bow position in Doubles	3' 9"	± ½"
G	Width between sills - Stroke position in Doubles	4' 0"	± ½"
H	Thwart-top height from burden boards (all positions)	8"	± ½"
J	Sill height from top of thwart (all positions)	7"	± ½"
K	Sill height from burden boards (= H + J)	15"	± 1"
L	Distance between tholes	4½"	± ⅜"
M	Clear height from sill to string	2⅝"	± ¼"
	<u>RECOMMENDED DIMENSIONS</u>		
N	Width of sculling thwart (all positions)	7½"	± ¼"
P	Width of coxswain's thwart	13"	± ½"
Q	Height of thole from sill	4½"	- 0 + ½"
R	Nearest distance of stretcher heel from thwart (all positions)	22"	maximum
S	Farthest distance of stretcher heel from thwart (all positions)	33"	minimum
T	Adjustment range of stretcher	12¾"	minimum
-	Adjustment pitch of stretcher	¾"	maximum
U	Angle of stretcher from vertical	35°	± 5°

TABLE 1B - SKIFF DIMENSIONS (FIGURES 1 TO 4) - METRIC UNITS (cm)

CODE	DIMENSIONAL DESCRIPTION	DIMENSION	TOLERANCE
	<u>MANDATORY DIMENSIONS</u>		
A	Overall length - Singles - Doubles	726.44 787.40	± 3.81 ± 3.81
B	Stem to bow working thole - Singles - Doubles	411.48 321.31	± 2.54 ± 2.54
C	Bow working thole to stroke working thole - (Doubles)	121.92	± 1.27
D	Working thole to aft of thwart (all positions)	31.75	± 0.95
E	Stroke working thole to forward edge of coxswain's thwart- (Doubles)	119.38	± 1.27
F	Width between sills - Singles and bow position in Doubles	114.30	± 1.27
G	Width between sills - Stroke position in Doubles	121.92	± 1.27
H	Thwart-top height from burden boards (all positions)	20.32	± 1.27
J	Sill height from top of thwart (all positions)	17.78	± 1.27
K	Sill height from burden boards (= H + J)	38.10	± 2.54
L	Distance between tholes	11.43	± 0.48
M	Clear height from sill to string	6.67	± 0.64
	<u>RECOMMENDED DIMENSIONS</u>		
N	Width of sculling thwart (all positions)	19.05	± 0.64
P	Width of coxswain's thwart	33.02	± 1.27
Q	Height of thole from sill	11.43	- 0 + 1.27
R	Nearest distance of stretcher heel from thwart (all positions)	55.88	maximum
S	Farthest distance of stretcher heel from thwart (all positions)	83.82	minimum
T	Adjustment range of stretcher	32.39	minimum
-	Adjustment pitch of stretcher	1.91	maximum
U	Angle of stretcher from vertical	35°	± 5°

TABLE 2A - SCULL DIMENSIONS (FIGURES 5 & 6) - IMPERIAL UNITS

CODE	DIMENSIONAL DESCRIPTION	DIMENSION	TOLERANCE
	<u>MANDATORY DIMENSIONS</u>		
A	Over-sleeve width parallel to blade tip	2"	$-0 + \frac{3}{16}"$
B	Over-sleeve width at right angles to blade tip	2"	$-0 + \frac{3}{16}"$
C	'Flat' distance parallel to blade tip	1½"	$\pm \frac{1}{8}"$
D	Height of button from loom	1"	$\pm \frac{1}{8}"$
	<u>RECOMMENDED DIMENSIONS</u>		
E	Inboard length	- - Bow sculls - Stroke sculls	2' 2" $\pm \frac{1}{4}"$ 2' 3½" $\pm \frac{1}{4}"$
-	Overlap (looms horizontal and in line)		7" $\pm 1"$
F	Outboard length	- Bow sculls - Stroke sculls	7' 0¾" $\pm \frac{1}{4}"$ 7' 1¼" $\pm \frac{1}{4}"$
G	Overall length	- - Bow sculls - Stroke sculls	9' 2¾" $\pm \frac{1}{2}"$ 9' 4¾" $\pm \frac{1}{2}"$
-	Nominal 'Outboard:Inboard' ratio	- - Bow sculls - Stroke sculls	3.26:1 - 3.10:1 -
